SUPPLEMENTARY INFORMATION: The Secretary of Labor (Secretary) invites interested persons to submit nominations for membership on MACOSH.

I. Background

MACOSH was established by Section 7(d) of the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651, 656) to advise the Secretary of Labor through the Assistant Secretary of Labor for Occupational Safety and Health (Assistant Secretary) in formulating maritime industry standards and regarding matters pertaining to the administration of the OSH Act related to the maritime industry. MACOSH is a non-discretionary advisory committee of indefinite duration (see section 3510 of the National Defense Authorization Act of 2020 (Pub. L. 116–92)).

MACOSH operates in accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), its implementing regulations (41 CFR parts 101–6 and 102–3), and OSHA’s

regulations on Advisory Committees (29 CFR part 1912). Pursuant to FACA (5 U.S.C. App. 2, 14(b)(2)), the MACOSH charter must be renewed every two years.

The Committee meets approximately two times per year. Committee members serve without compensation, but OSHA provides travel and per diem expenses. Members serve a two-year term, which begins from the date of appointment by the Secretary of Labor. The current MACOSH membership will expire on April 12, 2023.

II. MACOSH Membership

MACOSH consists of not more than 15 members appointed by the Secretary of Labor. The agency seeks committed members who have a strong interest in the safety and health of workers in the maritime industries. The U.S. Department of Labor is committed to equal opportunity in the workplace. The Secretary of Labor will appoint members to create a broad-based, balanced, and diverse committee reflecting the shipyard, longshoring, and commercial fishing industries, and representing affected interests such as employers, employees, safety and health professional organizations, government organizations with interests or activities related to the maritime industry, academia, and the public.

Nominations of new members, or resubmissions of current or former members, will be accepted in all categories of membership. Interested persons may nominate themselves or submit the name of another person whom they believe to be interested in and qualified to serve on MACOSH. Nominations may also be submitted by organizations from one of the categories listed above (e.g., employer, employee, public, safety and health professional organization, state safety and health agency, academia).

III. Submission Requirements

Any individual or organization may nominate one or more qualified persons for membership on MACOSH. Nominations must include the following information:

(1) The nominee’s name, contact information, and current employment or position;

(2) The nominee’s resume or curriculum vitae, including prior membership on MACOSH and other relevant organizations and associations;

(3) The maritime industry interest (e.g., employer, employee, public, safety and health professional organization, state safety and health agency, academia) that the nominee is qualified to represent;

(4) A summary of the background, experience, and qualifications that addresses the nominee's suitability for membership; and

(5) A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in MACOSH meetings, and has no conflicts of interest that would preclude membership on MACOSH.

OSHA will conduct a basic background check of candidates before their appointment to MACOSH. The background check will involve accessing publicly available, internet-based sources.

IV. Member Selection

The Secretary of Labor will select MACOSH members based on their experience, knowledge, and competence in the field of occupational safety and health, particularly in the maritime industries. Information received through this nomination process, and other relevant sources of information, will assist the Secretary of Labor in appointing members to MACOSH. In selecting MACOSH members, the Secretary of Labor will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals. OSHA will publish a list of MACOSH members in the **Federal Register**.

DATES: Comments must be received no later than November 30, 2022.

ADDRESSES: Send written comments to the Millennium Challenge Corporation, ATTN: Christopher Ice, Chief Privacy Officer, Department of Administration and Finance, 1099 Fourteenth Street NW, Suite 700, Washington, DC 20005-3550.

FOR FURTHER INFORMATION CONTACT: Christopher E. Ice, Chief Privacy Officer, Millennium Challenge Corporation, icece@mcc.gov, (202) 521-2652, or Miguel G. Adams, Deputy Privacy Officer, Millennium Challenge Corporation, adamsmg@mcc.gov, (202) 521-3574.

SUPPLEMENTARY INFORMATION: MCC is giving notice of a system of records pursuant to the Privacy Act of 1974 (5 U.S.C. 552a) for the MCC Evidence Platform. This platform is used to disseminate the data and documentation produced by MCC-funded data activities. The records information collected is required for researchers to obtain or retain a benefit of accessing MCC-funded data managed and shared through a public-facing platform by University of Michigan's Interagency Consortium for Political and Social Research (ICPSR). To manage access to specific data that must be protected to maintain data respondent confidentiality, ICPSR acts as MCC's data steward. The information collection is used by ICPSR to review and vet data users requesting access to restricted-use data. The information collected includes: (i) Restricted Data Use Agreement (RDUA) signed by both the data user and a representative of their institution; (ii) Documentation of Institutional Review Board (IRB) approval or exemption; (iii) research proposal; (iv) name and contact information of all researchers at the institution who will have access to the data; (v) list of data sets requested and why needed; and (vi) CV/Resume/Biosketch for each user that will access the restricted-use data.

SYSTEM NAME AND NUMBER:

MCC-Evidence Platform. MCC-003.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Millennium Challenge Corporation—1099 Fourteenth Street NW, Suite 700, Washington, DC 20005-3550

ICPSR—330 Packard Street, Ann Arbor, MI 48104

SYSTEM MANAGER(S):

My H. Le, Director Digital Services, Millennium Challenge Corporation, lemh@mcc.gov, 202-521-3664.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

22 U.S.C. 7705, Chapter 84—Millennium Challenge.

PURPOSE(S) OF THE SYSTEM:

The system will:

- Store and share de-identified data for public-use—To directly replace the MCC Evaluation Catalog, the platform is the mechanism by which MCC shares data and documentation that is de-identified by MCC contractors, reviewed for clearance by the MCC Disclosure Review Board (DRB), and posted to the new platform.

- Store and share restricted-access data—Given promises of confidentiality and MCC's commitments to protecting the privacy of data activity participants, some data cannot be de-identified in a way that reduces re-identification risk and retains the usability of the data for accountability and learning objectives. In cases where limited data sharing is facilitated by the informed consent process, this data can be prepared for sharing through a restricted-access mechanism which carefully protects access to data for specific statistical analysis. The platform is the mechanism by which MCC shares restricted-access data through an ICPSR-managed Virtual Data Enclave (VDE) following preparation by MCC contractors, review by the MCC DRB, and deposit of the restricted-access data with ICPSR.

- Collects:

- (i) Restricted Data Use Agreement (RDUA) signed by both the data user and a representative of their institution;

- (ii) Documentation of Institutional Review Board (IRB) approval or exemption;

- (iii) Research proposal;

- (iv) Name and contact information of all researchers at the institution who will have access to the data;

- (v) List of data sets requested and why needed; and

- (vi) CV/Resume/Biosketch—defining the qualifications the individual has to lead statistical analysis of the proposed research analysis.
