50 CFR Part 679

[Docket No. 141021887–5172–02]

RIN 0648–XE223

Fisheries of the Exclusive Economic Zone Off Alaska; Exchange of Flatfish in the Bering Sea and Aleutian Islands Management Area; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; correction.

SUMMARY: The National Marine Fisheries Service (NMFS) is correcting a temporary rule that exchanged unused Community Development Quota (CDQ) for CDQ acceptable biological catch (ABC) reserves that published on October 5, 2015. The CDQ group that initiated this transfer was incorrect.

DATES: Effective October 16, 2015.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION:**Need for Correction**

NMFS published the exchange of unused CDQ for CDQ ABC reserves on October 5, 2015. The document contained errors by incorrectly stating which CDQ group initiated the transfer. This correction will not affect the fishing operations. These corrections are necessary to provide the correct information on which CDQ group initiated the transfer in order to avoid confusion by fishery participants.

Correction

1. In the **Federal Register** of October 5, 2015, (80 FR 60073) in FR Doc. 2015–25291, on page 60073, column 3, paragraph 2, sentence 1 is corrected to state:

“The Norton Sound Economic Development Corporation has requested that NMFS exchange 568 mt of flathead sole and 210 mt of rock sole CDQ reserves for 778 mt of yellowfin sole CDQ ABC reserves under § 679.31(d).”

2. In the **Federal Register** of October 5, 2015, (80 FR 60073) in FR Doc. 2015–25291, on page 60074, columns 1–2, paragraph 1, sentence 3 is corrected to state:

“This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the flatfish exchange by the Norton Sound Economic Development Corporation in the BSAI.”

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This correction amendment corrects an error identifying the CDQ group that initiated the transfer and does not change operating practices in the fisheries. Corrections should be made as soon as possible to avoid confusion for participants in the fisheries.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 13, 2015.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 140918791–4999–02]

RIN 0648–XE180

Fisheries of the Exclusive Economic Zone Off Alaska; Reapportionment of the 2015 Gulf of Alaska Pacific Halibut Prohibited Species Catch Limits for the Trawl Deep-Water and Shallow-Water Fishery Categories; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; correction.

SUMMARY: The National Marine Fisheries Service (NMFS) is correcting a temporary rule that reapportioned halibut prohibited species catch limits in the Gulf of Alaska (GOA) that published on September 11, 2015. The table in the document contained errors.

DATES: Effective October 16, 2015.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION:**Need for Correction**

NMFS published the reapportionment of the 2015 Gulf of Alaska Pacific halibut prohibited species catch limits for the trawl deep-water and shallow-water fishery categories on September 11, 2015. The table in the document contained errors in the July 1–September 1 row and the Subtotal January 20–October 1 row. This correction will not affect the fishing operations. These corrections are necessary to provide the correct 2015 halibut PSC apportionments and eliminate potential confusion for participants in the fisheries.

Correction

In the **Federal Register** of September 11, 2015, (80 FR 54737) in FR Doc. 2015–22934, on page 54738, Table 16 is corrected and reprinted in its entirety to read as follows:

TABLE 16—FINAL 2015 APPORTIONMENT OF PACIFIC HALIBUT PSC TRAWL LIMITS BETWEEN THE TRAWL GEAR DEEP-WATER SPECIES FISHERY AND THE SHALLOW-WATER SPECIES FISHERY CATEGORIES

[Values are in metric tons]

Season	Shallow-water	Deep-water ¹	Total
January 20–April 1	135	35	170
April 1–July 1	291	375	666
Subtotal of combined first and second season limit (January 20–July 1)	426	410	836

TABLE 16—FINAL 2015 APPORTIONMENT OF PACIFIC HALIBUT PSC TRAWL LIMITS BETWEEN THE TRAWL GEAR DEEP-WATER SPECIES FISHERY AND THE SHALLOW-WATER SPECIES FISHERY CATEGORIES—Continued

[Values are in metric tons]

Season	Shallow-water	Deep-water ¹	Total
July 1–September 1	176	352	528
September 1–October 1	132	Any remainder ..	132
Subtotal January 20–October 1	734	762	1,496
October 1–December 31 ²			264
Total			1,760

¹ Vessels participating in cooperatives in the Central GOA Rockfish Program will receive 191 mt of the third season (July 1 through September 1) deep-water species fishery halibut PSC apportionment.

² There is no apportionment between trawl shallow-water and deep-water species fishery categories during the fifth season (October 1 through December 31).

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This correction amendment corrects the unintentional transposition of the 3rd

season halibut apportionments between deep-water and shallow water fishery categories in Table 16 and does not change operating practices in the fisheries. Corrections should be made as soon as possible to avoid confusion for participants in the fisheries.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon

the reasons provided above for waiver of prior notice and opportunity for public comment.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: October 13, 2015.

Emily H. Menashes,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
