Needs and Uses: The Commission is requesting Office of Management and Budget (OMB) approval this revised information collection. This collection of information is an annual performance satisfaction survey of its vendor(s) acting as administrators for various telephone number management functions. These functions may be performed by one or multiple vendors under one or multiple contracts. The vendor(s) act pursuant to their contract(s) with the Federal Communications Commission (FCC) and the FCC's numbering rules. See 47 CFR 52.1 *et seq.*

The survey will be designed and administered by the Numbering Administration Oversight Working Group (NAOWG) of the North American Numbering Council (NANC). The NANC is a Federal Advisory Committee established under the Federal Advisory Committee Act. The NANC advises the FCC and makes recommendations, reached through consensus, that foster efficient and impartial number administration. The NANC is composed of representatives of telecommunications carriers, regulators, cable providers, Voice Over internet Protocol (VoIP) providers, industry associations, vendors, and consumer advocates. Working groups, including the NAOWG, made up of industry experts, have been established by the NANC to assist in its efforts. The NANC charter can be found at <https://www.fcc.gov/files/charter-north-american-numbering-council>.

The relevant contract(s) require that the Commission and/or its designee shall develop and conduct a performance survey for each administrator. The results of this consumer satisfaction survey will provide the FCC with indicators on how well the vendor(s) are acting as the North American Numbering Program Administrator (NANPA), Pooling Administrator (PA), Routing Number Administrator (RNA) and Reassigned Numbering Database Administrator (RNDA) is meeting its contractual obligations and accomplishing its mission as the NANPA/PA/RNA/RNDA.
