

be reduced to one travel lane in each direction, with landscaped medians, and turn pockets at major intersections and driveways. Expanded sidewalks, a Class IV bicycle route (*i.e.*, cycle track), and a transit circulator are proposed to be implemented in this section within the tourist core to improve pedestrian safety and encourage use of alternative transportation modes. A pedestrian bridge would be constructed over realigned US 50 approximately 250 feet south of the proposed new intersection at the Harrah's entrance driveway near the California/Nevada state line connecting Van Sickle Bi-State Park to the Stateline area.

The proposed action would result in displacing residents and would construct replacement housing for those residents before removing existing housing and constructing the roadway improvements in California so that residents displaced by the project may be relocated to the newly constructed housing if they so choose during the relocation process.

The action taken by FHWA includes approval of the project.

DATES: By this notice, the FHWA, is advising the public of final agency actions subject to 23 U.S.C. 139(j)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before _____. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

SUPPLEMENTARY INFORMATION: The Final Environmental Impact Report (EIR)/EIS/EIS is a joint document prepared by the Tahoe Transportation District (TTD), Tahoe Regional Planning Agency (TRPA), and FHWA and is subject to state and federal environmental review requirements. FHWA, TTD, and TRPA

jointly prepared the Final EIR/EIS/EIS pursuant to the requirements of NEPA, the California Environmental Quality Act (CEQA), and the Tahoe Regional Planning Compact (Pub. L. 96-551) and 1980 revision (Compact), Code of Ordinances, and Rules of Procedure. TTD is the lead agency under CEQA. FHWA is the lead agency under NEPA. TRPA is the lead agency for the TRPA EIS pursuant to their Rules of Procedure.

The project proposes to realign US 50 to the southeast of existing US 50 from just west of the Pioneer Trail intersection in California to Lake Parkway in Nevada; reduce the existing right-of-way of the segment of US 50 between Pioneer Trail and Lake Parkway—the new “Main Street”—to one travel lane in each direction, with landscaped medians, and new and/or upgraded bicycle lanes and sidewalks throughout the project site; and construct replacement housing for dislocated residents in the immediate vicinity.

The actions taken by the Federal agencies, and the laws under which such actions were taken, are described in the Final EIR/EIS/EIS for the project, approved on November 9, 2018 by the TTD Board and on November 15, 2018 by the TRPA Governing Board of Directors, and in the FHWA Record of Decision (ROD), issued on August 2, 2019, and in other documents in the FHWA project records. The Final EIR/EIS/EIS and other project records are available by contacting FHWA, at the address provided above. The FHWA Final EIR/EIS/EIS can be viewed and downloaded from the project website at: <https://www.tahoetransportation.org/us50>. Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA–2009–0390]

Pipeline Safety: Request for Special Permit Colonial Pipeline Company

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA); DOT.

ACTION: Notice.

SUMMARY: PHMSA is publishing this notice to seek public comments on a request for a special permit, seeking relief from compliance with certain requirements in the Federal pipeline safety regulations. At the conclusion of the 30-day comment period, PHMSA will review the comments received from this notice as part of its evaluation to grant or deny the special permit request.

DATES: Submit any comments regarding this special permit request by September 23, 2019.

ADDRESSES: Comments should reference the docket number for the specific special permit request and may be submitted in the following ways:

• *E-Gov Website:* <http://www.Regulations.gov>. This site allows the public to enter comments on any **Federal Register** notice issued by any agency.

• *Fax:* 1-202-493-2251.

• *Mail:* Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

• *Hand Delivery:* Docket Management System: U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Instructions: You should identify the docket number for the special permit request you are commenting on at the beginning of your comments. If you submit your comments by mail, please submit two copies. To receive confirmation that PHMSA has received your comments, please include a self-addressed stamped postcard. Internet users may submit comments at <http://www.Regulations.gov>.

Note: There is a privacy statement published on <http://www.Regulations.gov>. Comments, including any personal information provided, are posted without changes or edits to <http://www.Regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

General: Ms. Kay McIver by telephone at 202-366-0113, or email at kay.mciver@dot.gov.

Technical: Mr. Steve Nanney by telephone at 713-272-2855, or email at Steve.Nanney@dot.gov.

SUPPLEMENTARY INFORMATION: PHMSA has received a special permit request from the Colonial Pipeline Company (Colonial) to deviate from the Federal pipeline safety regulations in 49 CFR 195.310 for two (2) segments of the Colonial hazardous liquid pipeline system, where Colonial has failed to retain certain hydrostatic pressure test records. The first segment is a 66.372-mile portion of the 40-inch diameter Line 01 located in Acadia, St. Landry, Point Coupee, and West Feliciana Parishes, Louisiana (see *special permit segment 1* below). The second segment is a 10.234-mile portion of the 40-inch diameter Line 01 located in Fulton, DeKalb and Gwinnett Counties, Georgia (see *special permit segment 2* below). This special permit, if granted, would waive certain hydrostatic test record-keeping requirements of 49 CFR 195.310. Colonial operates the pipeline in *special permit segment 1* at a

maximum operating pressure (MOP) of 574 pounds per square inch gauge (psig) and *special permit segment 2* is operated at a MOP of 743 psig.

The proposed special permit and Draft Environmental Assessment (DEA) for Colonial are available for public review and comment in Docket No. PHMSA-2009-0390 at www.Regulations.gov. We invite interested persons to participate by reviewing the special permit request and DEA, and by submitting written comments, data or other views. Please include any comments on potential safety and environmental impacts that may result if the special permit is granted.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comments closing date. Comments received after the comment closing date, will be evaluated if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment we receive in making our decision to grant or deny a request.

Issued in Washington, DC, on August 19, 2019, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.

Interim Policies on Page Limits for National Environmental Policy Act Documents and the Application of the One Federal Decision Process to DOT Projects

AGENCY: Office of the Secretary of Transportation (OST), U.S. Department of Transportation (DOT).

ACTION: Notice of availability and request for comments.

SUMMARY: This notice announces the availability of two U.S. Department of Transportation interim policies for public comment: (1) *Page Limits for National Environmental Policy Act Documents and Focused Analyses* and (2) *Application of the One Federal Decision Process to DOT Projects*. DOT anticipates that the *Page Limits* memorandum will improve the quality

of environmental documentation while reducing the length of these documents. The *One Federal Decision* memorandum will provide direction on how and when to apply the One Federal Decision process to DOT projects.

DATES: Both of these memoranda are effective, as interim policies, on the date of publication of this notice. Comments must be received by September 23, 2019. Late-filed comments will be considered to the extent practicable.

FOR FURTHER INFORMATION CONTACT: Rhonda Solomon, Environmental Protection Specialist, U.S. Department of Transportation, Office of the Secretary, 1200 New Jersey Avenue SE, Washington, DC 20590, at (202) 366-5397 or email rhonda.solomon@dot.gov.

SUPPLEMENTARY INFORMATION:
