This funding will support the expansion of shelter/foster care program bed capacity to meet the number of unaccompanied alien children referrals from the Department of Homeland Security (DHS).

The program is mandated by section 462 of the Homeland Security Act to ensure appropriate placement of all referrals from the DHS. ORR's ability to meet this mandate is often a challenge since the program is completely tied to DHS apprehension strategies and the sporadic number of border crossers. The program has seen a dramatic increase in the number of children referred from DHS in the past few months

necessitating an expansion of existing shelter care capacity.

The program has very specific requirements for the provision of services. Existing grantees are the only entities with the infrastructure, licensing, experience and appropriate level of trained staff to meet the service requirements and the urgent need for expansion. The program's ability to avoid a backlog of children waiting in border patrol stations for placement can only be accommodated through the expansion of existing programs through this supplemental award process.
