DEPARTMENT OF DEFENSE**Department of the Navy****Record of Decision for the
Development of the Westside of Marine
Corps Base Quantico, Including the
2005 Base Realignment and Closure
Action**

AGENCY: Department of the Navy, DoD.

ACTION: Notice of Record of Decision.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. Section 4332(2)(c), the regulations of the Council on Environmental Quality's (CEQ) for Implementing the Procedural Provisions of (40 CFR parts 1500-1508), the Department of the Navy NEPA regulation (32 CFR part 775), and the Marine Corps Environmental Compliance and Protection Manual, which is Marine Corps Order P5090.2A (MCO P5090.2A), the Department of the Navy announces its decision to develop the area west of Interstate 95 (Westside) at Marine Corps Base Quantico (MCB Quantico), Virginia. This action will include implementation of the 2005

Base Realignment and Closure (BRAC) action at MCB Quantico. The development of Westside and implementation of BRAC 2005 at MCB Quantico will be accomplished as set out in the Preferred Alternative and described in the Final Environmental Impact Statement (Final EIS) of April 2008.

FOR FURTHER INFORMATION CONTACT: Mr. Jeff Gardner, NREA Branch (B046), 3250 Catlin Avenue, Marine Corps Base, Quantico, VA 22134-0855, telephone: 703-432-6770, and e-mail: jeff.gardner@usmc.mil.

SUPPLEMENTARY INFORMATION: In 2005, the Secretary of Defense and the Defense Base Closure and Realignment Commission recommended that certain realignment actions occur at MCB Quantico. The President and Congress approved these recommendations, which became law on November 9, 2005. These recommendations must now be implemented as provided for in the Defense Base Closure and Realignment Act of 1990 (Pub. L. 101-510), as amended, no later than September 15, 2011. The actions directed at MCB Quantico are the collocation of Military Department Investigation Agencies Headquarters with the Counterintelligence Field Activity, and the Defense Security Service at MCB Quantico. These realignment actions will add approximately 3,000 personnel to work at MCB Quantico by 2011.

Projected personnel growth in Marine Corps units currently on Mainside, requirements to consolidate personnel located elsewhere, replacement of inadequate facilities on Mainside, and an expectation that other federal and Marine Corps initiatives will continue to identify MCB Quantico as a site for relocation, combined with limited redevelopment potential on Mainside, comprise the additional need to develop Westside.

Proposed Action. The Marine Corps proposes development of the Westside of MCB Quantico including the 2005 BRAC action at MCB Quantico. The development would entail construction of new facilities in two undeveloped areas west of I-95. These areas, the Russell Road Area and the MCB-1 Area, would accommodate the collocation of Military Department Investigation Agencies with the Department of Defense Counterintelligence and Security Agency at MCB Quantico as directed by the 2005 BRAC law. They would also provide space for adequate facilities to support Marine Corps units currently at MCB Quantico, as well as potentially other federal and Marine
