These two obsolete systems are: DOE-81, Counterintelligence Administrative and Analytical Records and Reports and DOE-84, Counterintelligence Investigative Records (September 1, 1989). Removing these system of records from the Department's inventory will in no way impact the use of these system of records by the Department of Energy.

DATES: *Effective Date:* January 20, 2009.

FOR FURTHER INFORMATION CONTACT:

Hugo Teufel III, Chief Privacy Officer, Department of Homeland Security, Washington, DC 20528, by telephone (703) 235-0780 or facsimile 1-866-466-5370.

SUPPLEMENTARY INFORMATION: Pursuant to the provisions of the Privacy Act of

1974, 5 U.S.C. 552a, and as part of its ongoing integration and management efforts, the Department of Homeland Security (DHS) is removing two Department of Homeland Security (DHS) system of records notices from its inventory of record systems.

DHS inherited these record systems upon its creation in January of 2003. Upon review of its inventory of record systems, DHS has determined it no longer needs these two systems and is retiring the following:

DHS is retiring use of DOE-81 (59 FR 46528 September 1, 1989) Counterintelligence Administrative and Analytical Records and Reports. This system was originally established in order to maintain records concerning foreign intelligence threats; administrative inquiries and investigations; reports on foreign contacts and travel; classified and sensitive programs, personnel, information and activities; briefings and debriefings; intelligence on hostile and foreign intelligence entities; and counterintelligence training.

DHS is retiring use of DOE-84 (59 FR 46530 September 1, 1989) Counterintelligence Investigative Records. This system was originally established in order to maintain records on joint law enforcement counterintelligence-related investigations with the FBI or other Federal law enforcement agencies in order to detect and prevent foreign intelligence threats directed at or involving classified and sensitive information, programs, facilities, personnel, and other Departmental resources.

Eliminating these systems of record notices will have no adverse impacts on individuals, but will promote the overall streamlining and management of DHS Privacy Act record systems. Further, removing these systems of records from the Department's inventory will in no way impact the use of these systems of records by the Department of Energy.

I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, Public Law 107-296, Section 1512, 116 Stat. 2310 (November 25, 2002), the Department of Homeland Security (DHS)/United States Coast Guard (USCG) have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern the DHS/USCG—020 Substance Abuse Prevention and Treatment Program.

As part of its efforts to streamline and consolidate its record systems, DHS is updating and reissuing a DHS/USCG system of records under the Privacy Act (5 U.S.C. 552a) that deals with active duty military personnel receiving substance abuse rehabilitation treatment. This record system will allow DHS/USCG to collect and maintain records regarding active duty military personnel receiving substance abuse rehabilitation treatment. The collection and maintenance of this information will assist DHS/USCG in meeting its obligation to assist active duty USCG personnel needing substance abuse rehabilitation treatment.

In accordance with the Privacy Act of 1974 and as part of the DHS's ongoing effort to review and update legacy system of records notices, DHS is giving notice that it proposes to update and reissue the following legacy record system DOT/CG 638 Alcohol Abuse Prevention Program Record System (65 FR 19475 4/11/2000) as a DHS/USCG system of records notice titled, Substance Abuse Prevention and Treatment Program. This new

system will be included in the DHS inventory of record systems.

II. Privacy Act

The Privacy Act embodies fair information principles in a statutory framework governing the means by which the United States Government collects, maintains, uses and disseminates individual's information. The Privacy Act applies to information that is maintained in a "system of records." A "system of records" is a group of any records under the control of an agency from which information is stored and retrieved by the name of the individual or by some identifying number such as property address, mailing address, or symbol assigned to the individual. In the Privacy Act, an individual is defined to encompass United States citizens and lawful permanent residents. DHS extends administrative Privacy Act protections to all individuals where information is maintained on both U.S. citizens, lawful permanent residents, and visitors. Individuals may request their own records that are maintained in a system of records in the possession or under the control of DHS by complying with DHS Privacy Act regulations, 6 CFR 5.21.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, and the routine uses that are contained in each system in order to make agency record keeping practices transparent, to notify individuals regarding the uses of their records, and to assist individuals to more easily find such files within the agency. Below is the description of the Substance Abuse Prevention and Treatment Program System of Records.

In accordance with 5 U.S.C. 552a(r), DHS has provided a report of this new system of records to the Office of Management and Budget and to Congress.

SUPPLEMENTARY INFORMATION:

I. Background

Pursuant to the savings clause in the Homeland Security Act of 2002, the Department of Homeland Security (DHS) United States Secret Service (USSS) have relied on preexisting Privacy Act systems of records notices for the collection and maintenance of records that concern DHS/USSS Non-Criminal Investigation Information System records.

As part of its efforts to streamline and consolidate its Privacy Act record systems, DHS/USSS is updating and reissuing a DHS/USSS system of records under the Privacy Act (5 U.S.C. 552a) for USSS records that concern individuals involved in non-criminal statutory investigations and/or requirements. Information related to investigations into employee activities is retired into DHS/All-020 Internal Affairs published in the **Federal Register** on November 14, 2008 at 73 FR 67529; information related to claims against USSS is retired into DHS/All-013 Claims published in the **Federal Register** on October 28, 2008 at 73 FR 63987; and information related to employment and security clearance suitability is retired in DHS/OS1 Office of Security Files, published September 12, 2006 at 71 FR 53700. This will ensure that all organizational parts of USSS follow the same privacy rules for collecting and handling the USSS-003 Non-Criminal Investigation records.

In accordance with the Privacy Act of 1974 and as part of DHS's ongoing effort to review and update legacy system of records notices, DHS/USSS proposes to update and reissue USSS.006 Non-Criminal Investigation Information System (66 FR 45362 August 28, 2001). Additionally, DHS is issuing a Notice of Proposed Rulemaking (NPRM) concurrent with this SORN elsewhere in the **Federal Register**. The exemptions for the legacy system of records notices will continue to be applicable until the final rule for this SORN has been completed. This reissued system will be included in the Department's inventory of record systems.
