

Interested parties may participate in the meeting from their remote location.

ADDRESSES: Questions regarding the meeting should be sent to the Technology Innovation Program Acting Deputy Director, National Institute of Standards and Technology, 100 Bureau Drive, MS 4700, Gaithersburg, Maryland 20899–8630. For instructions on how to participate in the meeting, please see the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Sienkiewicz, Acting Deputy Director, Technology Innovation Program National Institute of Standards and Technology, Gaithersburg, Maryland 20899–8630, telephone number (301) 975–2162. Dr. Sienkiewicz's email address is robert.sienkiewicz@nist.gov.

SUPPLEMENTARY INFORMATION: The Technology Innovation Program (TIP) Advisory Board was established in accordance with the requirements the America Creating Opportunities to Meaningfully Promote Excellence in Technology, Education, and Science (COMPETES) Act, Public Law 110–69 (August 9, 2007), 15 U.S.C. 278n, the legislation that created TIP. The Board is composed of ten members appointed by the Director of NIST who are eminent in such fields as business, research, science and technology, engineering, education, and management consulting. Background information on the TIP Advisory Board is available at: <http://www.nist.gov/tip/>.

Pursuant to the Federal Advisory Committee Act, 5 U.S.C. App., notice is hereby given that the TIP Advisory Board will hold a meeting via teleconference on Tuesday, December 6, 2011, from 10 a.m. to 12 noon, Eastern time. There will be no central meeting location. The public is invited to participate in the meeting by calling in from remote locations. The primary purpose of this meeting is to discuss the future of TIP.

Individuals and representatives of organizations who would like to offer comments are invited to request detailed instructions on how to dial in from a remote location to participate in the meeting. Approximately fifteen minutes will be reserved from 11:45–12:00 noon Eastern Standard Time for public comments, and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about 3 minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral

statements, those who had wished to speak but could not be accommodated, and those who were unable to participate are invited to submit written statements to the Technology Innovation Program Advisory Board, Technology National Institute of Standards and Technology, 100 Bureau Drive, MS 4700, Gaithersburg, Maryland 20899–8630, via fax (301) 975–1150, or electronically by email to rene.cesaro@nist.gov.

All persons wishing to participate in the meeting are required to pre-register to be admitted. Anyone wishing to participate must register by close of business Monday, December 5, 2011, in order to be admitted. Please submit your name, time of participation, email address, and phone number to Rene S. Cesaro. At the time of registration, participants will be provided with detailed instructions on how to dial in from a remote location in order to participate. Rene Cesaro's email address is rene.cesaro@nist.gov and her phone number is (301) 975–2162.

Dated: November 10, 2011.

Phillip Singerman,

Associate Director for Innovation and Industry Services.

National Oceanic and Atmospheric Administration

Proposed Information Collection; Comment Request; Societal Response to Tornado Warnings

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The National Weather Service, seeking to expand on existing developing social science, wishes to examine the societal impacts of tornado warnings, specifically the methods of receipt, response, and the impact of false alarms on the rate in which protective actions are followed.

DATES: Written comments must be submitted on or before January 17, 2012.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be

directed to Justin Gibbs, (702) 263–9744 or Justin.gibbs@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Following a particularly deadly year of tornadoes in the United States despite the existence of adequate warning information, the need is apparent for specialized survey data involving the societal response to the National Weather Service warning system. The agency currently operates with theoretical understanding of warning response from previous social science studies from scholars such as Drabek, Lindell, Grunfest, and others. More recent data involving the false alarm ratio as a hindrance to the seeking of protective action has been released by Simmons and Sutter. All of these data however lack specific, direct responses from the public regarding how they handle weather related phenomena, specifically tornado warnings. Approximately 16,000 surveys would be distributed to four different cities. The results would be compared from one area of forecast responsibility to another to determine if differing verification statistics indicate any change in response and readiness.

This project seeks to enhance our understanding by focusing specifically on the tornado warning program and its response in an effort to take steps to reduce loss of life in future tornado events.

II. Method of Collection

A questionnaire and a self-addressed postage-paid envelope will be mailed to respondents.

III. Data

OMB Control Number: None.

Form Number: None.

Type of Review: Regular (new information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 2,000.

Estimated Time per Response: 2 minutes.

Estimated Total Annual Burden Hours: 67.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden

(including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 10, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

RIN 0648-XA642

Fisheries of the Exclusive Economic Zone off Alaska; Application for an Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application for exempted fishing permit.

SUMMARY: This notice announces receipt of an exempted fishing permit (EFP) application from the Alaska Seafood Cooperative (AKSC). If granted, this permit would allow AKSC to evaluate how various fishing and handling practices affect halibut mortality. Operators from up to seven AKSC nonpelagic trawl vessels would remove halibut from a codend on the deck, and release those fish back to the water in a timely manner to increase survivability. These halibut will be sampled for length and physical condition using standard International Pacific Halibut Commission (IPHC) halibut mortality assessment methodology. This activity has the potential to promote the objectives of the Magnuson-Stevens Fishery Conservation and Management Act and the Pacific Halibut Act by assessing techniques for improving survival of halibut caught incidentally in nonpelagic trawl fisheries.

DATES: Comments on this EFP application must be submitted to NMFS

by 5 p.m. A.S.T., December 13, 2011. Comments on the EFP application also will be accepted by NMFS during the North Pacific Fishery Management Council's (Council's) December 5, 2011 to December 13, 2011 meeting in Anchorage, AK.

ADDRESSES: The Council meeting will be held at the Hilton Hotel, 500 West Third Ave., Anchorage, AK. The agenda for the Council meeting is available at <http://www.fakr.noaa.gov/npfmc/PDF/documents/meetings/1211agenda.pdf>.

You may submit comments on this document, identified by FDMS Docket Number NOAA-NMFS-2011-0203, by any of the following methods:

- **Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal www.regulations.gov. To submit comments via the e-Rulemaking Portal, first click the "submit a comment" icon, then enter FDMS Docket Number NOAA-NMFS-2011-0203, in the keyword search. Locate the document you wish to comment on from the resulting list and click on the "Submit a Comment" icon on that line.

- **Mail:** Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Mail comments to P.O. Box 21668, Juneau, AK 99802-1668.

- **Fax:** Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Fax comments to (907) 586-7557.

- **Hand delivery to the Federal Building:** Address written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Deliver comments to 709 West 9th Street, Room 420A, Juneau, AK.

Instructions: Comments must be submitted by one of the above methods to ensure that the comments are received, documented, and considered by NMFS. Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on <http://www.regulations.gov> without change. All personal identifying information (e.g., name, address) submitted voluntarily by the sender will be publicly accessible. Do not submit confidential business information, or otherwise sensitive or protected information. NMFS will accept

anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word or Excel, WordPerfect, or Adobe PDF file formats only.

Copies of the EFP application and the basis for a categorical exclusion under the National Environmental Policy Act are available from the Alaska Region, NMFS Web site at <http://alaskafisheries.noaa.gov/>.

FOR FURTHER INFORMATION CONTACT: Jeff Hartman, (907) 586-7442.

SUPPLEMENTARY INFORMATION: NMFS manages the domestic groundfish fisheries in the Bering Sea and Aleutian Islands management area (BSAI) under the Fishery Management Plan for Groundfish of the BSAI Management Area (FMP), which the Council prepared under the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing the BSAI groundfish fisheries appear at 50 CFR parts 600 and 679. The FMP and the implementing regulations at § 600.745(b) and § 679.6 allow the NMFS Regional Administrator to authorize, for limited experimental purposes, fishing that would otherwise be prohibited. Procedures for issuing EFPs are contained in the implementing regulations.

The International Pacific Halibut Commission (IPHC) and NMFS manage fishing for Pacific halibut (*Hippoglossus stenolepis*) through regulations established under the authority of the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the Northern Pacific Ocean and Bering Sea (Convention) and the Northern Pacific Halibut Act of 1982 (Halibut Act). The IPHC promulgates regulations pursuant to the Convention. The IPHC's regulations are subject to approval by the Secretary of State with concurrence from the Secretary of Commerce (Secretary).

Background

Regulations implemented by the IPHC allow Pacific halibut to be commercially harvested by the directed North Pacific longline fishery. Halibut is a prohibited species in the groundfish fishery, requiring immediate return to the sea with a minimum of injury. Halibut caught incidentally by catcher/processors in the nonpelagic trawl groundfish fisheries must be weighed on a NMFS-approved scale, sampled by observers, and returned to the ocean as soon as possible. The Council establishes annual maximum halibut bycatch allowances and seasonal apportionments adjusted by an
