

Proposed Rules

Federal Register

Vol. 67, No. 135

Monday, July 15, 2002

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 993

[Docket No. FV02-993-610 REVIEW]

Dried Prunes Produced in California; Section 610 Review

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice of review and request for comments.

SUMMARY: This notice of review announces that the Agricultural Marketing Service (AMS) plans to review Marketing Order 993 for dried prunes produced in California, under the criteria contained in section 610 of the Regulatory Flexibility Act (RFA).

DATES: Written comments on this notice must be received by September 13, 2002.

ADDRESSES: Interested persons are invited to submit written comments concerning this notice of review. Comments must be sent to the Docket Clerk, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW., STOP 0237, Washington, DC 20250-0237; Fax: (202) 720-8938, or E-mail: moab.docketclerk@usda.gov. All comments should reference the docket number and the date and page number of this issue of the **Federal Register** and will be made available for public inspection in the Office of the Docket Clerk during regular business hours, or may be viewed at <http://www.ams.usda.gov/fv/moab.html>.

FOR FURTHER INFORMATION CONTACT: Richard Van Diest, California Marketing Field Office, Marketing Order Administration Branch, Fruit and Vegetable Programs, AMS, USDA, 2202 Monterey Street, Suite 102B, Fresno, California 93721; telephone: (209) 487-5901; Fax: (209) 487-5906; E-mail: Richard.VanDiest@usda.gov; or George Kelhart, Marketing Order Administration Branch, Fruit and

Vegetable Programs, AMS, USDA, 1400 Independence Avenue, SW., STOP 0237, Washington, DC 20250-0237, (202) 720-8938, or E-mail: George.Kelhart@usda.gov.

SUPPLEMENTARY INFORMATION: Marketing Order No. 993, as amended (7 CFR part 993), regulates the handling of dried prunes produced in California. The marketing order is effective under the Agricultural Marketing Agreement Act of 1937 (AMAA), as amended (7 U.S.C. 601-674).

AMS initially published in the **Federal Register** (63 FR 8014; February 18, 1999), its plan to review certain regulations, including Marketing Order No. 993, under criteria contained in section 610 of the Regulatory Flexibility Act (RFA; U.S.C. 601-612). An updated plan was published in the **Federal Register** on January 4, 2002 (67 FR 525). Because many AMS regulations impact small entities, AMS has decided, as a matter of policy, to review certain regulations which, although they may not meet the threshold requirement under section 610 of the RFA, warrant review.

The purpose of the review will be to determine whether the marketing order for dried prunes produced in California should be continued without change, amended, or rescinded (consistent with the objectives of the AMAA) to minimize the impacts on small entities. In conducting this review, AMS will consider the following factors: (1) The continued need for the marketing order; (2) the nature of complaints or comments received from the public concerning the marketing order; (3) the complexity of the marketing order; (4) the extent to which the marketing order overlaps, duplicates, or conflicts with other Federal rules, and, to the extent feasible, with State and local governmental rules; and (5) the length of time since the marketing order has been evaluated or the degree to which technology, economic conditions, or other factors have changed in the area affected by the marketing order.

Written comments, views, opinions, and other information regarding the dried prune marketing order's impact on small businesses are invited.

Dated: July 9, 2002.

Barry L. Carpenter,

Acting Administrator, Agricultural Marketing Service.

[Docket No. 2002-SW-32-AD]

RIN 2120-AA64

Airworthiness Directives; Eurocopter France Model AS355N Helicopters

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes superseding an existing airworthiness directive (AD) for Eurocopter France (ECF) Model AS355N helicopters. The current AD requires visually inspecting the four engine exhaust pipe ejector (ejector) attachment lugs (lugs), the starter-generator (S-G) attachment flange (flange) and attachment half-clamps (half-clamps) for cracks, and the S-G shaft for radial play. This superseding AD would retain the current requirements, except would not require measuring the radial play but would require measuring each S-G engine clamp torque and vibration level and recording the S-G vibration level on a component history card or equivalent record. If the S-G vibration level is equal to or higher than 0.5 inches per second (IPS), this superseding AD would require repairing or replacing the S-G, as necessary. This proposal is prompted by additional cases of S-G damage and the need for additional corrective actions. The actions specified by this proposed AD are intended to prevent excessive S-G vibration, which could lead to separation of an ejector, impact with the main or tail rotor, and subsequent loss of control of the helicopter.

DATES: Comments must be received on or before September 13, 2002.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Office of the
