Office of the Secretary

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Research Performance Progress Report (RPPR)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance

with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 28, 2024 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Office of the Secretary, Commerce.

Title: Research Performance Progress Report (RPPR).

OMB Control Number: 0690-0032.

Form Number(s): None.

Type of Request: Regular submission. Extension of a currently approved collection.

Number of Respondents: 2,050.

Average Hours per Response: The annual progress reports range from a minimum of 2 hours to a maximum of 15 hours, depending on the type of research project being supported.

Total Annual Burden Hours: 82,000 hours.

Needs and Uses: This Research Performance Progress Report (RPPR) directly benefits award recipients by making it easier for them to administer Federal grant and cooperative agreement programs through standardization of the types of information required in performance reports—thereby reducing their administrative effort and costs. The RPPR also makes it easier to compare the outputs, outcomes, etc. of research programs across the government.

The RPPR resulted from an initiative of the Research Business Models (RBM) Subcommittee of the Committee on Science (CoS), a committee of the National Science and Technology Council (NSTC). One of the RBM Subcommittee's priority areas is to create greater consistency in the administration of Federal research awards. Given the increasing complexity of interdisciplinary and interagency research, it is important for Federal agencies to manage awards in a similar fashion. The RPPR is used by agencies that support research and research-related activities for use in submission of progress reports. It is intended to replace other performance reporting formats currently in use by agencies. The RPPR does not change the performance reporting requirements specified in 2 CFR part 215 (OMB Circular A-110) and the Common Rule implementing OMB Circular A-102. Each category in the RPPR is a separate

reporting component. Agencies will direct recipients to report on the one mandatory component ("Accomplishments"), and may direct them to report on optional components, as appropriate. Within a particular component, agencies may direct recipients to complete only specific questions, as not all questions within a given component may be relevant to all agencies.

Agencies may develop an agency- or program-specific component, if necessary, to meet programmatic requirements, although agencies should minimize the degree to which they supplement the standard components. Such agency- or program specific requirements will require review and clearance by OMB.

Affected Public: State and Local governments.

Frequency: Quarterly.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C. 131 and 182.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0690-0032.

Sheleen Dumas,

Departmental PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

Notice of National Advisory Council on Innovation and Entrepreneurship Meeting

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The National Advisory Council on Innovation and Entrepreneurship (NACIE) will hold a virtual public meeting on November 19,

2024. This will be the current NACIE members' seventh meeting since their appointments in 2022. During this meeting, NACIE expects to discuss strategies to unlock sources of capital to leverage federal investments, aligned with the U.S. Department of Commerce's existing work in this area.

DATES: November 19, 2024, 2:00 p.m.–3:00 p.m. Eastern Time (ET).

ADDRESSES: The meeting will be held virtually with no in-person component or option. Teleconference or web conference connection information will be published prior to the meeting along with the agenda on the NACIE website at <https://www.eda.gov/strategic-initiatives/national-advisory-council-on-innovation-and-entrepreneurship/meetings>.

FOR FURTHER INFORMATION CONTACT: Eric Smith, Office of the Assistant Secretary, 1401 Constitution Avenue NW, Room 78018, Washington, DC 20230; email: nacie@doc.gov; telephone: +1 202 482 8001. Please reference "NACIE November 2024 Meeting" in the subject line of your correspondence.

SUPPLEMENTARY INFORMATION: NACIE, established pursuant to section 25(c) of the Stevenson-Wydler Technology Innovation Act of 1980, as amended (15 U.S.C. 3720(c)), is a Federal Advisory Committee Act committee that provides advice directly to the Secretary of Commerce.

NACIE has been charged with developing a national entrepreneurship strategy that strengthens America's ability to compete and win as the world's leading startup nation and as the world's leading innovator in critical emerging technologies. NACIE also has been charged with identifying and recommending solutions to drive the innovation economy, including growing a skilled STEM workforce and removing barriers for entrepreneurs ushering innovative technologies into the market. The Council facilitates federal dialogue with the innovation, entrepreneurship, and workforce development communities. Throughout its history, NACIE has presented recommendations to the Secretary of Commerce along the research-to-jobs continuum, such as increasing access to capital, growing and connecting entrepreneurial communities, fostering small business-driven research and development, supporting the commercialization of key technologies, and developing the workforce of the future.

The final agenda for the meeting will be posted on the NACIE website at <https://www.eda.gov/strategic-initiatives/national-advisory-council-on-innovation-and-entrepreneurship/>

meetings prior to the meeting. Any member of the public may submit pertinent questions and comments concerning NACIE's affairs at any time before or after the meeting. Comments may be submitted to Eric Smith (see contact information above). Those wishing to listen to the proceedings can do so via teleconference or web conference (see above). Copies of the meeting minutes will be available by request within 90 days of the meeting date.

Date: October 22, 2024.

Peter Langlois,

Group Federal Officer.

National Advisory Council on Innovation and Entrepreneurship (NACIE); Solicitation of Applications and Nominations

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice of opportunity to apply for membership on the National Advisory Council on Innovation and Entrepreneurship (NACIE).

SUMMARY: The Department of Commerce (DOC) is currently seeking applications for membership on the National Advisory Council on Innovation and Entrepreneurship (NACIE). NACIE advises the Secretary of Commerce (the Secretary) on matters related to accelerating innovation and entrepreneurship, advancing the commercialization of research and development, promoting workforce development, and other related matters. **DATES:** Applications for consideration for membership must be received by the U.S. Economic Development Administration (EDA) by 5:00 p.m. Eastern Time (ET) on December 15, 2024. EDA will continue to accept applications under this notice for three years from the deadline to fill any vacancies.

ADDRESSES: Please submit application information by email to nacie@doc.gov.

FOR FURTHER INFORMATION CONTACT: For further information, interested parties can contact Eric Smith, Acting Deputy Assistant Secretary for Policy at telephone: +1 202 482 8001; email: nacie@doc.gov.

SUPPLEMENTARY INFORMATION: An agency within the U.S. Department of

Commerce (DOC), EDA invests in communities and supports regional collaboration to create jobs for U.S. workers, promote American innovation, and accelerate long-term sustainable economic growth. The mission of EDA is to lead the federal economic development agenda by promoting competitiveness and preparing the nation's regions for growth and success in the worldwide economy. Additional information regarding EDA can be found at <https://eda.gov/>.

NACIE's establishment is authorized by section 25(c) of the Stevenson-Wydler Technology Innovation Act of 1980, as amended, 15 U.S.C. 3720(c). Additional information regarding NACIE can be found at <https://www.eda.gov/strategic-initiatives/national-advisory-council-on-innovation-and-entrepreneurship>.

EDA is accepting applications and nominations for membership on NACIE for one-year, two-year, and three-year terms beginning on the date of appointment. Members will be selected based on their ability to advise the Secretary on matters relating to the acceleration of innovation and the support for and expansion of entrepreneurship including but not limited to the matters set forth in 15 U.S.C. 3720(b) and

- strategies to support geographic diversification and growth of America's innovation clusters and technology hubs all throughout the United States;
- the development of federal policy and program recommendations, through policy and program vehicles such as the CHIPS and Science Act and the Inflation Reduction Act, to support economic growth, resilience, high-growth entrepreneurship, and innovation across business sectors and geographies;
- policies that increase equitable access to, and representation in, entrepreneurship opportunities by historically excluded populations, communities, and geographies;
- insights into opportunities to increase American innovation and competitiveness in industries of the future, including but not limited to artificial intelligence, biotechnology, advanced computing, advanced materials and manufacturing, cybersecurity, and clean energy technologies;
- the development and expansion of successful talent and workforce development initiatives to create high quality jobs and to support American innovation and competitiveness; and
- the identification and promotion of best practices that accelerate the commercialization of research and intellectual property.
