**SUMMARY:** NECO amends the CDCA Plan for a 5.5 million acre area in the southeastern part of the CDCA and provides for conservation of desert ecosystems for federal lands in the planning area on a landscape basis—for BLM lands, Joshua Tree National Park, and the Chocolate Mountains Aerial Gunnery Range, managed by the U.S. Marine Corps Yuma Air Station. NECO includes goals, objectives, management prescriptions, and monitoring in accordance with the Federal Land Policy and Management Act (FLPMA) of 1976 for comprehensive management of desert ecosystems, including the recovery of two species listed under the federal Endangered Species Act: the desert tortoise and Coachella Valley milkvetch. The FEIS evaluates the Proposed Plan Amendments and three alternatives. The FEIS also includes public comments on the DEIS and BLM's responses to those comments.

**DATES:** Written protests on the FEIS will be accepted if received by September 3, 2002, by the Environmental Protection Agency. Instructions for filing protests are contained in the NECO document Cover Sheet just inside the front cover, and are included below under

#### COC 65896; Notice of Realty Action

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of Realty Action, Direct sale of public land in San Juan County, Colorado.

**SUMMARY:** The following lands have been found suitable for sale under section 203 of the Federal Land Policy and Management Act of 1976 (90 Stat. 2750, 43 U.S.C. 1713) at not less than the appraised fair market value. The

single parcel is described as: Public land within the NE¼ of Section 31, T.42 N., R.7 W., New Mexico Principal Meridian, identified as Tract 73, and containing 3.88 acres, more or less.

These lands are classified for disposal pursuant to section 7 of the Taylor Grazing Act and were identified for disposal in a land use plan which was in effect on September 5, 1985. The lands are hereby segregated from appropriation under the public land laws, including the mining laws, pending disposition of this action or 270 days from the date of publication of this notice, whichever occurs first.

Publication of this notice will initiate public review, consultation, and collaboration for this proposed sale. Copies of the notice will be provided to the Congressional delegation, the Governor, local government officials, and other interested parties for review and comment. Preliminary consultation with local governmental officials and other adjacent landowners indicates that there will be no opposition to the proposed sale.

The parcel is difficult and uneconomic to manage as part of the public lands and is not suitable for management by another Federal department or agency. The sale is consistent with the San Juan/San Miguel Resource Management Plan, and no significant resource values will be affected by this transfer. Disposal of this small parcel to resolve an inadvertent occupancy trespass outweighs retaining the land in federal ownership. The public interest, therefore, will be well served by offering this parcel for direct sale.

The parcel is being offered only to Daren Hillery, fee owner of the adjoining property (Munzer Claim, MS 18619). The subject parcel contains a cabin that is owned by Mr. Hillery. Use of the direct sale procedures authored under 43 CFR 2711.3-3, will resolve an inadvertent occupancy trespass situation. The mineral estate will be reserved to the United States. Payment of purchase price will be deposited in the Federal Land Disposal Account authorized under Section 206 of the Federal Land Transaction Facilitation Act of 2000 (Public Law 106-248).

Terms, conditions, and reservations applicable to the sale are as follows:

1. The public land will be conveyed for not less than fair market value.

2. All mineral deposits in the land, and the right to prospect for, mine and remove such deposits from the same under applicable law and regulations shall be reserved to the United States.

3. A right-of-way for ditches and canals constructed by the authority of

the United States under the Act of August 30, 1890 (43 U.S.C. 945) shall be reserved to the United States.

4. The conveyance shall be subject to an existing 25-foot wide right-of-way grant for a power distribution line.

The lands will not be offered for sale until at least 60 days after this notice is published in the **Federal Register**. This notice is also being published in a newspaper of general circulation in the vicinity of the public lands being proposed for sale.

**DATES:** Interested parties may submit comments to the Columbine Field Office Manager within 45 days of publication of this notice. Please reference the applicable serial number in all correspondence. Objections will be reviewed and this realty action may be sustained, vacated, or modified.

Unless vacated or modified, this realty action will become the final determination of the Department of the Interior.
