

TABLE 1.—REREGISTRATION ELIGIBILITY DECISION DOCKETS OPENING—Continued

Reregistration Case Name and Number	Docket ID Number	Chemical Review Manager, Telephone Number, E-mail Address
Methyl bromide, 0335	EPA-HQ-OPP-2005-0123	Steven Weiss (703) 308-8293 weiss.steven@epa.gov

EPA is applying the principles of public participation to all pesticides undergoing reregistration. The Agency's Pesticide Tolerance Reassessment and Reregistration; Public Participation Process, published in the **Federal Register** on May 14, 2004, (69 FR 26819) (FRL-7357-9) explains that in conducting these programs, EPA is tailoring its public participation process to be commensurate with the level of risk, extent of use, complexity of issues, and degree of public concern associated with each pesticide. Due to their uses, risks, and other factors, chloropicrin, dazomet, metam sodium/potassium, and methyl bromide were reviewed through the full 6-Phase process. Through this process, EPA worked extensively with stakeholders and the public to reach the regulatory decisions for these pesticides.

The reregistration program is being conducted under congressionally mandated time frames, and EPA recognizes the need both to make timely decisions and to involve the public. The Agency is issuing the chloropicrin, dazomet, metam sodium/potassium, and methyl bromide REDs for public comment. This comment period is intended to provide an additional opportunity for public input in particular with regard to implementation of risk mitigation measures, and a mechanism for initiating any necessary amendments to the REDs. To assist readers in providing information that would be most useful to the Agency, EPA is providing a Commenter's Guide to the Soil Fumigant REDs. This document is available in the individual dockets listed in the Table in this Unit, and on EPA's soil fumigants Web page, http://www.epa.gov/oppsrrd1/reregistration/soil_fumigants/. All comments should be submitted using the methods in **ADDRESSES** and the Docket ID numbers in the Table in this Unit, and must be received by EPA on or before the closing date. These comments will become part of the Agency Dockets for these pesticides. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

For each pesticide, the Agency will carefully consider all comments received by the closing date and will

provide a Response to Comments Memorandum in the Docket and regulations.gov. If any comment significantly affects the document, EPA also will publish an amendment to the RED in the **Federal Register**. In the absence of substantive comments requiring changes, the chloropicrin, dazomet, metam sodium/metam potassium, and methyl bromide REDs will be implemented as now presented.

B. What is the Agency's Authority for Taking this Action?

Section 4(g)(2) of FIFRA, as amended, directs that, after submission of all data concerning a pesticide active ingredient, the Administrator shall determine whether pesticides containing such active ingredient are eligible for reregistration, before calling in product specific data on individual end-use products and either reregistering products or taking other "appropriate regulatory action."

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission for Extension Under Delegated Authority, Comments Requested

July 9, 2008.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3520. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with

a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments September 15, 2008. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget (OMB), (202) 395-5887, or via fax at 202-395-5167, or via the Internet at Nicholas_A.Fraser@omb.eop.gov and to Judith-B.Herman@fcc.gov, Federal Communications Commission (FCC). To submit your comments by e-mail send them to: PRA@fcc.gov.

To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the Web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the Web page called "Currently Under Review", (3) click the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: For additional information, send an email to Judith B. Herman at 202-418-0214.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0532.

Title: Section 2.1033, Application for Certification and Section 15.121, Scanning Receivers and Frequency Converters Used with Scanning Receivers.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents: 25 respondents; 25 responses.

Estimated Time Per Response: 1 hour.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 25 hours.

Annual Cost Burden: \$1,250.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality:

The Commission's rules require that certain portions of scanning receiver applications for certification will remain confidential after the effective date of the grant of the application. No other assurances of confidentiality are provided to respondents.

Needs and Uses: This collection will be submitted as an extension (no change in reporting and/or third party disclosure requirements) after this 60 day comment period to Office of Management and Budget (OMB) in order to obtain the full three year clearance.

The FCC rules under 47 CFR 2.1033 and 15.121 require manufacturers of scanning receivers to design their equipment so that it has 38 dB of image rejection for Cellular Service frequencies, tuning, control and filtering circuitry are inaccessible and any attempt to modify the scanning receiver to receive Cellular Service transmissions will likely render the scanning receiver inoperable. The Commission's rules also require manufacturers to submit information with any application for certification that describes the testing method used to determine compliance with the 38 dB image rejection ratio, the design features that prevent modification of the scanning receiver to receive Cellular Service transmissions, and the design steps taken to make tuning, control, and filtering circuitry inaccessible. Furthermore, the FCC requires equipment to carry a statement assessing the vulnerability of the scanning receiver to modification and to have a label affixed to the scanning receiver, similar to the following as described in section 15.121:

Warning: Modification of this device to receive cellular radiotelephone service signals is prohibited under FCC Rules and Federal Law.

The Commission uses the information required in this equipment authorization process to determine whether the equipment that is being marketed complies with the Congressional mandate in the Telephone Disclosure and Dispute

Resolution Act of 1992 (TDDRA) and applicable Commission rules.

Federal Communications Commission.
