Title: Head Start Family and Child Experiences Survey (FACES).

OMB No.: Revision of a currently approved collection (OMB No. 0970–0151).

Description: The Administration on Children, Youth and Families (ACYF), Administration for Children and Families (ACF) of the Department of Health and Human Services (DHHS) is requesting comments on plans to amend the Head Start Family and Child Experiences Survey (FACES) data collection. This study is being conducted under contract with Westat, Inc. (with Ellsworth Associates and the CDM Group as their subcontractors) (#105–96–1912) to collect information on Head Start performance measures. The current revision is intended to include 8 additional sites participating in the Head Start Quality Research Center Consortium. These Head Start program-university researcher partnerships, funded under cooperative agreements with ACYF, will be conducting evaluations of interventions designed to enhance the school readiness of Head Start children in such areas as literacy and social-emotional development, through improvements in curriculum, training, and assessment practices. This amendment will include use of subsections of the FACES instrument battery to obtain information about classroom quality and child performance both before and after the implementation of the interventions. Data from local sites can be compared to the data available from the FACES national sample.
