

for materials, labor, engineering and land acquisition.

Any questions regarding the application are to be directed to Robert F. Harrington, Vice President, Regulatory, Kinder Morgan Interstate Gas Transmission LLC, 370 Van Gordon Street, Lakewood, Colorado 80228-8304, phone (303) 763-3258.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the below listed comment date, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Motions to intervene, protests and comments may be filed electronically via the Internet in lieu of paper, see, 18 CFR 385.2001 (a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: August 11, 2008.

Kimberly D. Bose,
Secretary.

Dominion Cove Point LNG, L.P.; Dominion Transmission, Inc.; Notice of Technical Conference

July 28, 2008.

On July 18, 2008, the United States Court of Appeals for the District of Columbia issued an order¹ vacating the

¹ For additional information about the Project, please contact the Commission's Office of External Affairs at (202) 502-8004.

² *Washington Gas Light Company v. Federal Energy Regulatory Commission*, Case No. 07-1015 (D.C. Cir. 2008).

orders in the underlying proceeding² to the extent that they approve the Cove Point Expansion Project, and remanded the case to the Commission to more fully address whether, consistent with the public interest, the Cove Point Expansion Project can go forward without causing unsafe leakage. While upholding the Commission's analysis that defects in Washington Gas Light Company's (WGL) system caused the gas leaks on WGL's system in Prince George's County, Maryland, the Court found that the Commission's determination that WGL will be able to fix its facilities before the November 2008 in-service was not supported by substantial evidence. The Commission staff has determined that discussing with the parties the issues raised by the Court would assist staff in evaluating these matters.

Accordingly, a Technical Conference will be held at the Commission's offices in Washington, DC, on Wednesday, August 6, 2008, commencing at 10 a.m., in order that the parties and the Commission Staff can discuss whether and when the Cove Point Expansion Project can go forward without causing unsafe leakage consistent with the public interest. Participants at the conference should come prepared to discuss all safety-related concerns, and remedial measures taken or to be taken so that WGL's system can safely accommodate regasified LNG.

As part of this discussion, participants should be prepared to provide information regarding WGL's inability to provide safe and reliable services to its customers as a result of the proposed increased amounts of natural gas from Cove Point's LNG import terminal into Cove Point's pipeline and interconnecting pipelines and delivered to WGL. Also, WGL and Dominion Cove Point, LNG, LP should be prepared to provide information which shows the progress and projected progress that they have made to resolve any such gas quality or safety and reliability issues.
