

In the morning before each day of the seminar begins, we will also offer an Early Bird session on Pipeline Construction (Day 1) and Preparing for a FERC Site Visit (Day 2) for those participants who feel they would benefit. Participants must register for these Early Bird sessions when registering for the seminar. The Pipeline Construction session will be for those attendees who are inexperienced in basic pipeline construction practices.

The session on Preparing for a FERC Site Visit will be of special interest to those individuals interested in knowing what to expect and tips for getting the most out of a FERC site visit.

Registered participants will receive a certificate of attendance at the end of the session and an updated copy of the Natural Gas Pipeline Environmental Compliance Workbook.

The Post-Certificate Environmental Compliance Seminars will be held at the

locations and dates shown on the attached table. More detailed information on these courses will be posted on the registration Web site referenced above.
