

the I-470 interchange, including the entire Kansas City Downtown Central Business District (CBD) Freeway Loop, in Jackson County, Missouri.

FOR FURTHER INFORMATION CONTACT: Ms. Peggy J. Casey, Environmental Projects Engineer, FHWA Division Office, 3220 West Edgewood, Suite H, Jefferson City, MO 65109, Telephone: (573) 636-7104; or Mr. Kevin Keith, Chief Engineer, Missouri Department of Transportation, P.O. Box 270, Jefferson City, MO 65102, Telephone: (573) 751-2803.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Missouri Department of Transportation (MoDOT), will prepare a First Tier EIS to consider the impacts of improvements to I-70 from the end of the last ramp termini east of the Missouri and Kansas state line to east of the I-470 interchange, including the entire Kansas City downtown CBD freeway loop, in Jackson County, Missouri. The project length is approximately 18 miles (20 miles with freeway loop segments).

MoDOT, in partnership with Mid-America Regional Council (MARC), and the Kansas City Area Transportation Authority (KCATA), completed a Major Investment Study (MIS) for the I-70 corridor in Jackson County in November, 2004. The MIS evaluated the I-70 corridor in a general nature and recommended an improvement strategy that would reconstruct and widen the existing facility from Kansas City's downtown CBD freeway loop to the Route F/H interchange in Oak Grove, Missouri. This strategy also included redesigning access and interchanges for the entire CBD freeway loop.

FHWA and MoDOT are now preparing a First Tier EIS to develop an improvement strategy for the highway elements of the I-70 corridor, using the MIS Statement of Purpose and Need and Strategy Packages as the foundation. The First Tier EIS will coordinate with completed and ongoing studies. These studies include the I-70 Transit Alternatives Analysis; the Kansas City, Missouri's Downtown CBD Study; the I-29/I-35 Paseo Bridge Corridor EIS; the I-470 Purpose and Need study; and the I-70 Supplemental EIS study.

Strategies to be considered include (1) no build; (2) highway widening and interchange improvement strategies; and (3) transportation system management options. The First Tier EIS will seek to determine sections of independent utility over this 18-mile stretch of I-70 that will become the basis for second tier environmental studies (20 miles with the freeway loop segments).

The First Tier EIS will conform to the environmental review process as established in Section 6002 of the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU). The Section 6002 environmental review process requires the following activities: Identification and invitation of cooperating and participating agencies; establishment of a coordination plan; and opportunities for additional agency and public comment on the project's purpose and need, strategies, and methodologies for determining impacts.

As part of the scoping process, an interagency coordination meeting will be held with federal and state resource agencies and local agencies. In addition, informational meetings with the public and community representatives will be held to solicit input on the project. The Study Management Team from the I-70 MIS will be re-established and will consist of agency staff from MoDOT, MARC, KCAT, and other identified local participating agencies. A location public hearing will be held to present the findings of the Draft First Tier EIS. Public notice will be given announcing the time and place of all public meetings and the hearing. The Draft First Tier EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that the full range of issues related to this proposed action is addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments and questions concerning this proposed action and the First Tier EIS should be directed to the FHWA or MoDOT at the addresses provided above. Concerns in the study area include potential impacts to communities, cultural resources, and rivers.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Department of the Treasury and its Alcohol and Tobacco Tax and Trade Bureau, as part of their continuing effort to reduce paperwork and respondent burden, invite the general public and other Federal agencies to comment on the proposed or continuing information collections listed below in this notice, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Comments submitted in response to this notice will be included or summarized in our request for Office of Management and Budget (OMB) approval of the relevant information collection. All comments are part of the public record and subject to disclosure. Please not do include any confidential or inappropriate material in your comments.

We invite comments on: (a) Whether this information collection is necessary for the proper performance of the agency's functions, including whether the information has practical utility; (b) the accuracy of the agency's estimate of the information collection's burden; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the information collection's burden on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide the requested information.

Information Collections Open for Comment

Currently, we are seeking comments on the following records and forms:

Title: Claim-Alcohol, Tobacco, and Firearms Taxes.

OMB Number: 1513–0030.

TTB Form Number: 5620.8.

Abstract: This form, along with other supporting documents, is used to obtain credit, remission, and allowance of tax on taxable articles (alcohol, beer, tobacco products, firearms, and ammunition) that have been lost and to obtain refund of overpaid taxes and abatement of overassessed taxes. It is also used to request a drawback of tax paid on distilled spirits used in the production of nonbeverage products.

Current Actions: There are no changes to this information collection, and we are submitting it for extension purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit, individuals or households, Not-for-profit institutions.

Estimated Number of Respondents: 10,000.

Estimated Total Annual Burden Hours: 10,000.

Title: Report of Wine Premises Operations.

OMB Number: 1513–0053.

TTB Form Number: 5120.17.

Abstract: TTB F 5120.17 is used to monitor wine operations, to ensure collection of wine tax revenue, and to ensure wine is produced in accordance with law and regulations. This report also provides raw data on wine premises activity.

Current Actions: We are making changes, such as providing for quarterly reporting, and making minor corrections to this information collection, and we are submitting it as a revision.

Type of Review: Revision of a currently approved collection.

Affected Public: Business or other for-profit.

Estimated Number of Respondents: 4,329.

Estimated Total Annual Burden Hours: 29,616.

Title: Marks on Wine Containers.

OMB Number: 1513–0092.

TTB Recordkeeping Requirement Number: 5120/3.

Abstract: TTB requires that wine on wine premises be identified by statements of information included on labels or contained in marks. TTB uses this information to validate the receipt of excise tax revenue by the Federal government. The record retention period is only required as long as the container is used for storing wine.

Current Actions: There are no changes to this information collection, and we are submitting it for extension purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit.
