Agenda

The Advisory Panel plans to discuss Framework 36—review results of 2022 scallop surveys, and preliminary projections. The primary focus of this meeting will be to develop input on the range of potential specification alternatives for FY 2023 and FY 2024. The action will set ABC/ACLs, days-at-sea, access area allocations, total allowable landings for the Northern Gulf of Maine (NGOM) management area, targets for General Category incidental catch, General Category access area trips and trip accounting, and set-asides for

the observer and research programs for fishing year 2023 and default specifications for fishing year 2024. They also plan to review work priorities—receive updates on the progress toward 2022 work priorities and Committee tasking. Provide input on the range of possible 2023 scallop work priorities. Also, on the agenda is Scoping for Limited Access Leasing—review input gathered through the scoping process and recommend whether the Council should initiate an amendment to develop measures that would allow leasing in the Limited Access component of the fishery. Other business will be discussed, if necessary.
