

infectious disease complications of transplantation.

To carry out its mission, the ACBTSA provides advice to the Secretary through the Assistant Secretary for Health on a range of policy issues which includes: (1) identification of public health issues through surveillance of blood and tissue safety issues with national biovigilance data tools; (2) identification of public health issues that affect availability of blood, blood products, and tissues; (3) broad public health, ethical, and legal issues related to the safety of blood, blood products, and tissues; (4) the impact of various economic factors (*e.g.*, product cost and supply) on safety and availability of blood, blood products, and tissues; (5) risk communications related to blood transfusion and tissue transplantation; and (6) identification of infectious disease transmission issues for blood, organs, blood stem cells and tissues.

On September 29, 2022, the Secretary approved for the ACBTSA charter to be renewed. The new charter was filed with the appropriate Congressional committees and the Library of Congress on October 9, 2022. Renewal of the Committee's charter gives authorization for the Committee to continue to operate until October 9, 2024.

A copy of the ACBTSA charter is available on the Committee's website at <https://www.hhs.gov/oidp/advisory-committee/blood-tissue-safety-availability/charter/index.html>.

Coast Guard

[Docket No. USCG-2022-0576]

Draft Guidance for Nationally Consistent Coastal Zone Area Contingency Plan Architecture

AGENCY: Coast Guard, DHS.

ACTION: Notice of availability and request for comments.

SUMMARY: The Coast Guard announces the availability, in the docket, of a draft guidance document intended to establish a new, nationally consistent architecture for coastal zone Area

Contingency Plans (ACPs). ACPs are required by the Clean Water Act and demonstrate the planning for oil and hazardous substance incident response at the local level. ACPs for areas within the coastal zone are approved by the Coast Guard. To modernize coastal ACPs, improve usability and attain national consistency the Coast Guard is developing new policy pertaining to ACP architecture. This new, standardized construct will better enable industry plan writers of vessel and facility response plans with multiple, diverse operating areas to consistently align with Coast Guard approved ACPs. A more standardized approach will minimize confusion due to highly variable ACP structure and content and will also facilitate more efficient response, especially for large sale responses requiring mobilization of personnel and resources from outside the region. Additionally, adopting a nationally consistent architecture will facilitate the Coast Guard's development of more modern, app-based ACP products for end users.

DATES: Comments must be submitted to the online docket via <https://www.regulations.gov> on or before January 9, 2023.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0576 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Jonathan Smith, Coast Guard; telephone 202-372-2675, email Jonathan.R.Smith@uscg.mil.

SUPPLEMENTARY INFORMATION:

Public Participation and Comments

We encourage you to submit comments (or related material) on the draft guidance document in the docket. We will consider all submissions and may adjust our final action based on your comments. The Coast Guard Office of Marine Environmental Response Policy will release A Marine Safety Information Bulletin (MSIB) containing the final product. When available, the MSIB will be posted here: <https://homeport.uscg.mil/missions/environmental/hq-mer-msib>. If you submit a comment, please include the docket number for this notice, indicate the specific section of this document to which each comment applies, and

provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. Documents mentioned in this notice as being available in the docket, and public comments, are in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. We review all comments received, but we may choose not to post off-topic, inappropriate, or duplicate comments that we receive. If you go to the online docket and sign up for email alerts, you will be notified when comments are posted.

We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

The USCG requests comments from all stakeholders who use or have a role in the development of ACPs, including but not limited to: federal agencies with a nexus to the National Response System; tribal representatives; State and local agencies (Local Emergency Planning Committees; emergency managers, response personnel; Oil Spill Removal Organizations and environmental consultants; Non-profit and voluntary organizations; Industry plan holders; and any other organizations active in area committee functions. Comments received will be considered in preparing final guidance document(s).

Background and Purpose

ACPs are required by Title IV, Section 4202 of the Oil Pollution Act of 1990, which amends Subsection (j) of Section 311 of the Federal Water Pollution Control Act (33 U.S.C. 1321 (j)), as amended by the Clean Water Act of 1977 (33 U.S.C. 1251 et. seq.) to address the development of a National Planning and Response System. ACPs are also written in conjunction with the National Oil and Hazardous Substance Pollution Contingency Plan (NCP) (40 CFR part 300) and the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (42 U.S.C. 9601 et seq.) as amended by the Superfund Amendments and Reauthorization Act of 1986.
