

Accomplishments; Broader Program Impacts; Products and Dissemination; Collaboration and Partnering Activities; and Project Evaluation Activities. Information will be prepopulated based on the login credentials for the user submitting the report and the specific grant being reported. Not all grants will have reportable activities under all

headings (*e.g.*, not all grants have an evaluation component embedded in the project). However, most OASH grants will have reportable information under most headings. Program offices with additional reporting programmatic information collections will eventually transition collection of any overlapping data elements to this OASH PPR. During

the transition, OASH will not require grant recipients to provide the same information twice.

Likely Respondents: Members and staff from academia, community organizations, local/state/federal government, private sector, and tribal government and services organizations.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection:

Moving to Work (MTW) Cohort 2 Stepped and Tiered Rent Demonstration Evaluation.

OMB Approval Number: 2528–0339.

Type of Request: Revision of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: HUD has selected 10 Public Housing Agencies (PHAs) to participate in the second cohort of the Moving to Work (MTW) Expansion, Stepped and Tiered Rent Demonstration (STRD). These PHAs will implement an alternative rent policy (a stepped rent or tiered rent) that is intended to reduce PHA administrative burden and increase self-sufficiency of assisted households. Five PHAs will implement a stepped rent and five PHAs will implement a tiered rent. HUD’s Office of Policy Development and Research (PD&R) will evaluate the impacts of those alternative rent policies, using a randomized controlled trial. The evaluation will rely on data from a variety of sources, including new information collection efforts proposed in this Notice. HUD has contracted with MDRC to conduct the first phase of the evaluation, including random assignment, baseline data collection, and monitoring PHA implementation.

Within the 10 participating PHAs, eligible households will be randomly assigned to have their rent calculated under the new rules (stepped/tiered rent) or old rules (the Brooke rent, typically 30% of household income). Eligible households will be non-elderly, non-disabled participants in the public housing and housing choice voucher program. Prior to random assignment, each household will be asked to complete a baseline information form (BIF), review the informed consent form, and provide informed consent to authorize HUD’s evaluator to use their data for the evaluation. The BIF will provide important information not otherwise available from HUD’s administrative data, such as whether the household has significant barriers to employment. The BIF will average approximately 7 minutes long and reviewing the consent form is expected to take approximately 11 minutes.

MDRC will also conduct interviews with staff from participating PHAs, to better understand their experience implementing the new rent policies. For
