Procedures for Classifying Labor Surplus Areas

ETA issues the LSA list on a fiscal year basis. The list becomes effective each October 1 and remains in effect through the following September 30. The reference period used in preparing the current list was January 2011 through December 2012. The national average unemployment rate (including Puerto Rico) during this period was rounded to 8.56 percent. Twenty percent higher than the national unemployment rate is 10.27 percent. Since the ceiling unemployment rate is 10.0 percent, the qualifying rate for LSA classification is 10.0 percent. Therefore, areas included on the FY 2014 LSA list had a rounded unemployment rate for the referenced period of 10.0 percent (actual rate, greater than or equal to 9.95) or above during the reference period. To ensure all areas classified as labor surplus meet the requirements, when a city is part of a county and meets the unemployment qualifier as a LSA, the city is identified in the LSA list. The balance of county, not the entire county, will be identified if the balance of county also meets the LSA unemployment criteria. The FY 2014 LSA list, statistical data on the current and some previous year's LSAs, and the list of LSAs in Puerto Rico can be accessed at ETA's LSA Web site <http://www.doleta.gov/programs/lsa.cfm>. In addition, the 2014 LSA list is available on the LMI Win-Win Network Community of Practice at https://winwin.workforce3one.org/view/Labor_Surplus_Area_List_Issued/info.

Petition for Exceptional Circumstance Consideration

ETA can also designate LSAs under exceptional circumstance criteria. ETA can waive the regular classification criteria when an area experiences a significant increase in unemployment which is not temporary or seasonal and which was not reflected in the data for the 2-year reference period. In these situations, ETA can designate civil jurisdictions, Metropolitan Statistical Areas or Combined Statistical Areas, as defined by the Office of Management and Budget as LSAs. In order for an area to be classified as a LSA under the exceptional circumstance criteria, the state workforce agency must submit a petition requesting such classification to ETA. The current criteria for an exceptional circumstance classification are: an area's unemployment rate is at least 10.0 percent for each of the three most recent months; has a projected

unemployment rate of at least 10.0 percent for each of the next 12 months; and has documentation that the exceptional circumstance event has already occurred. The state workforce agency may file petitions on behalf of civil jurisdictions, as well as a Micropolitan Statistical Areas, Metropolitan Statistical Areas or Combined Statistical Areas. The addresses of state workforce agencies are available on the ETA Web site at: <http://www.doleta.gov/programs/lsa.cfm> and https://winwin.workforce3one.org/view/Labor_Surplus_Area_List_Issued/info. State workforce agencies may submit petitions in electronic format to wright.samuel.e@dol.gov, or in hard copy to the U.S. Department of Labor, Employment and Training Administration, Office of Workforce Investment, 200 Constitution Avenue NW., Room S-4231, Washington, DC 20210 Attention Samuel Wright. Data collection for the petition is approved under OMB 1205-0207, expiration date March 31, 2014.

Signed at Washington, DC, this 25th day of September, 2013.

Eric Seleznow,

Acting Assistant Secretary for Employment and Training Administration.

NUCLEAR REGULATORY COMMISSION

[Docket No. NRC-2013-0116]

OMB Agency Information Collection Activities: Submission for the Office of Management and Budget Review; Comment Request

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of the OMB review of information collection and solicitation of public comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). The NRC hereby

informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on July 15, 2013 (78 FR 42112).

1. *Type of submission, new, revision, or extension:* Extension.

2. *The title of the information collection:* Policy Statement for the "Criteria for Guidance of States and NRC in Discontinuance of NRC Regulatory Authority and Assumption Thereof By States Through Agreement," Maintenance of Existing Agreement State Programs, Request for Information Through the Integrated Materials Performance Evaluation Program (IMPEP) Questionnaire, and Agreement State Participation in IMPEP.

3. *Current OMB approval number:* 3150-0183.

4. *The form number if applicable:* Not applicable.

5. *How often the collection is required:* Every four years for completion of the IMPEP questionnaire in preparation for an IMPEP review. One time for new Agreement State applications. Annually for participation by Agreement States in the IMPEP reviews and fulfilling requirements for Agreement States to maintain their programs.

6. *Who will be required or asked to report:* All Agreement States (37 Agreement States who have signed Agreements with NRC under Section 274b. of the Atomic Energy Act (Act)) and any non-Agreement State seeking to sign an Agreement with the Commission.

7. *An estimate of the number of annual responses:* 58.

8. *The estimated number of annual respondents:* 38 (37 existing Agreement States plus 1 applicant).

9. *An estimate of the total number of hours needed annually to complete the requirement or request:* 285,143 hours (an average of 7,504 hours per respondent). This includes 477 hours to complete the IMPEP questionnaires; 2,750 hours to prepare new Agreement State applications; 396 hours for participation in IMPEP reviews; and 281,520 hours for maintaining Existing Agreement State programs.

10. *Abstract:* The States wishing to become Agreement States are requested to provide certain information to the NRC as specified by the Commission's Policy Statement, "Criteria for Guidance of States and NRC in Discontinuance of NRC Regulatory Authority and Assumption Thereof By States Through

Agreement." The Agreement States need to ensure that the radiation control program under the Agreement remains adequate and compatible with the requirements of Section 274 of the Act and must maintain certain information.

The NRC conducts periodic evaluations through IMPEP to ensure that these programs are compatible with the NRC's program, meet the applicable parts of the Act, and adequate to protect public health and safety.

The public may examine and have copied for a fee publicly-available documents, including the final supporting statement, at the NRC's Public Document Room, Room O-1F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. The OMB clearance requests are available at the NRC's Web site: <http://www.nrc.gov/public-involve/doc-comment/omb/>. The document will be available on the NRC's home page site for 60 days after the signature date of this notice.

Comments and questions should be directed to the OMB reviewer listed below by November 22, 2013. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given to comments received after this date.

Chad Whiteman, Desk Officer, Office of Information and Regulatory Affairs (3150-0183), NEOB-10202, Office of Management and Budget, Washington, DC 20503.

Comments can also be emailed to Chad_S_Whiteman@omb.eop.gov or submitted by telephone at 202-395-4718.

The NRC Clearance Officer is Tremaine Donnell, telephone: 301-415-6258.

Dated at Rockville, Maryland, this 25th day of September 2013.

For the Nuclear Regulatory Commission.

Tremaine Donnell,

NRC Clearance Officer, Office of Information Services.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

Workshop; November 18-19, 2013 in Washington, DC

The U.S. Nuclear Waste Technical Review Board will hold a workshop on impacts of SNF canister design on the SNF waste-management system.

Pursuant to its authority under section 5051 of Public Law 100-203, Nuclear Waste Policy Amendments Act

of 1987, the U.S. Nuclear Waste Technical Review Board will hold a workshop on Monday, November 18, and Tuesday, November 19, 2013, to identify issues related to how the use of large dry-storage canisters by nuclear utilities for onsite storage will affect future handling, storage, transportation and geologic disposal of spent nuclear fuel (SNF). Unless these canisters can be directly disposed of in a geologic repository, it will be necessary to transfer the SNF they contain into disposal containers prior to permanent disposal.

Repackaging the SNF would have significant implications for the waste management system: it likely will take a long time; it will involve extensive SNF handling operations; and, at decommissioned reactor sites, construction of a pool or dry-transfer facility may be necessary. However, direct disposal of the large dry-storage canisters without repackaging the SNF also would present significant challenges and may affect the geologic environments that would be considered for a repository.

The workshop will look broadly at these issues. It will be open to all interested parties and opportunities will be provided for full participation by all attendees. The workshop will be held in conjunction with the Board's Winter Board meeting, which will be held on Wednesday, November 20, 2013. A separate **Federal Register** notice will be issued on that meeting.

The workshop and the Board meeting will be held at the Embassy Suites, 1250 22nd Street NW., Washington, DC 20037; (Tel) 202-857-3388, (Fax) 202-293-3173. A block of rooms has been reserved at the hotel. To make a reservation for either or both meetings, attendees may call 1 800-EMBASSY (362-2779). The group code name for the workshop and meeting is "UNW." Reservations also may be made on the hotel Web site: http://embassysuites.hilton.com/en/es/groups/personalized/W/WASDNES-UNW-20131117/index.jhtml?WT.mc_id=POG. All reservations must be made by October 25 to receive the group rate.

The workshop will begin on Monday, November 18, at 1:00 p.m. with a series of presentations that will set the stage for discussion sessions that will take place on the second day of the workshop. On Tuesday, November 19, the workshop will resume at 8:00 a.m. with a call to order and orientation followed by two "break-out" sessions, one focused on the issues that will arise if the SNF stored in dry-storage containers needs to be repackaged and the other focused on the issues that will
