### Food and Nutrition Service

*Title:* Turnip the Beet! High Quality Summer Meals Program.

*OMB Control Number:* 0584–NEW.

*Summary of Collection:* Turnip the Beet is a voluntary award program to recognize participating sponsoring organizations (sponsors) in the Summer Food Service Program (SFSP) or the National School Lunch Program (NSLP) Seamless Summer Option (SSO) that work hard to offer high quality, nutritious meals during the summer months. The SFSP is administered through sponsoring organizations that host meal sites in a wide variety of settings, while the SSO is administered through sponsoring school districts, offering an opportunity for the districts to provide a seamless transition between school meals and summer meals. Turnip the Beet is a tool to motivate summer meal sponsors to go above and beyond basic regulatory requirements for the respective program meal patterns. This voluntary information collection is authorized under 42 U.S.C. 1761 Richard B. Russell National School Lunch Act.

*Need and Use of the Information:* The information needed to process the voluntary award nominations is collected from State Program Staff and Businesses (SFSP or NSLP/SSO Program Sponsors). Sponsors can submit nomination packets to the State Agencies, who verify that the packet is complete. The State Agencies then forward the nominations to FNS who score the nominations to determine the award winners. The nomination process allows FNS to accurately assess the quality of meal service in order to determine whether the individual sponsor qualifies for Turnip the Beet recognition. The Turnip the Beet award encourages sponsoring organizations to think creatively and strive for best practices in their summer meals, thereby improving children's access to nutritious, well-balanced meals. This allows FNS to administer summer meal programs that serve the needs of communities nationwide, placing an increased emphasis on the health of children without adding regulatory requirements for the meals.

*Description of Respondents:* State, Local, or Tribal Government; and Profit/Non-Profit Businesses.

*Number of Respondents:* 186.

*Frequency of Responses:* Reporting: Annually.

*Total Burden Hours:* 225.

## SUPPLEMENTARY INFORMATION:

### Background

On March 5, 2018, Commerce published the *Final Determination*, finding, *inter alia*, that Zhongji used the Export Buyer's Credit Program and failed to meet the criteria for an entered value adjustment.<sup>1</sup> Commerce published an *Amended Final Determination and Order* resulting from the investigation on April 19, 2018.<sup>2</sup> Zhongji challenged the *Amended Final Determination and Order* before the CIT. On September 18, 2019, the CIT remanded Commerce's determination for further analysis, instructing the parties to contemplate a solution to the impasse and to confer for the Export Buyer's Credit Program, and instructing Commerce to identify the information that Commerce uncovered at verification that caused Commerce to

find unsupported Zhongji's request for an entered value adjustment (EVA).<sup>3</sup> Commerce issued a redetermination on remand, under protest, explaining Commerce's position that Commerce cannot accurately verify use of the Export Buyer's Credit Program without the cooperation of the Government of China, but nevertheless finding that Zhongji did not use the Export Buyer's Credit Program, in light of the CIT's remands on the issue.<sup>4</sup> Additionally, in its redetermination, Commerce addressed how information discovered at verification supported its finding that Zhongji's request for an EVA is unsupported, however, because Zhongji was not provided notice that Commerce intended to reconsider its EVA methodology for the *Final Determination*, Commerce determined it appropriate to grant Zhongji's EVA request. On March 24, 2020, the Court sustained the *Remand Results*.<sup>5</sup>

### Timken Notice

In its decision in *Timken*,<sup>6</sup> as clarified by *Diamond Sawblades*,<sup>7</sup> the Court of Appeals for the Federal Circuit (CAFC) held that, pursuant to section 516A(c) and (e) of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of a court decision that is not "in harmony" with a Commerce determination and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's March 24, 2020, judgment in this case constitutes a final decision of the court that is not in harmony with Commerce's *Amended Final Determination and Order*. This notice is published in fulfillment of the publication requirements of *Timken*.

### Amended Final Determination and Order

Because there is now a final court decision, Commerce is amending its *Amended Final Determination and Order*. Commerce finds that the revised countervailable subsidy rate for Zhongji is 6.46 percent. We have also recalculated the all-others rate to 13.28 percent.
