## Background

The Commission instituted this investigation effective July 8, 2020, following receipt of petitions filed with the Commission and Commerce by Vallourec Star, LP, Houston, Texas. The Commission scheduled the final phase of the investigation following notification of a preliminary determination by Commerce that imports of seamless carbon and alloy steel standard, line, and pressure pipe from Czechia were being sold at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)). Notice of the scheduling of the final phase of the Commission’s investigation and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of December 31, 2021 (85 FR 86946). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its hearing through written testimony and video conference on March 4, 2021. All persons who requested the opportunity were permitted to participate.

The Commission made this determination pursuant to § 735(b) of the Act (19 U.S.C. 1673d(b)). It completed and filed its determination in this investigation on April 19, 2021. The views of the Commission are contained in USITC Publication 5183 (April 2021), entitled *Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from Czechia: Investigation No. 731-TA-1529 (Final)*.

By order of the Commission.

Issued: April 19, 2021.

The company plans to import analytical reference standards for distribution to its customers for research and analytics purposes. Placement of these drug codes onto the company's registration does not translate into automatic approval of subsequent permit applications to import controlled substances. Approval of permit applications will occur only when the registrant's business activity is

consistent with what is authorized in 21 U.S.C. 952(a)(2). Authorization will not extend to the import of FDA-approved or non-approved finished dosage forms for commercial sale.
