SUPPLEMENTARY INFORMATION:

Title: Disposal of Mineral Materials.

OMB Number: 0596-0081.

Expiration Date of Approval: June 30, 2007.

Type of Request: Extension of a currently approved collection.

Abstract: The Mineral Materials Act of 1947, as amended, and the Multiple Use Mining Act of 1955, as amended, authorize the Secretary of Agriculture to dispose of petrified wood and common varieties of sand, stone, gravel, pumice, pumicite, cinders, clay, and other similar materials on lands administered by the Forest Service. The collected information enables the Forest Service to document planned operations, to prescribe the terms and conditions the agency deems necessary to protect surface resources, and to effect a binding contract agreement. Forest Service employees will evaluate the collected information to ensure that entities applying to mine mineral materials are financially accountable and will conduct their activities in accordance with the mineral regulations at Part 228, subpart C of Title 36 of the Code of Federal Regulations.

Individuals, organizations, companies, or corporations interested in mining mineral materials on National Forest System lands may contact their local Forest Service office to inquire about opportunities, to learn about areas on which such activities are permitted, and to request form FS-2800-9 (Contract of Sale for Minerals Materials). Interested parties are asked to provide information that includes the purchaser's name and address, the location and dimensions of the area to be mined, the kind of material that will be mined, the quantity of material to be mined, the sales price of the mined material, the payment schedule, the amount of the bond, and the period of the contract. If this information is not collected, the Forest Service would not comply with Federal regulations and

operations to mine mineral materials could cause undue damage to surface resources.

Estimate of Annual Burden: 2.5 hours.

Type of Respondents: Mineral materials operators.

Estimated Annual Number of Respondents: 8,400.

Estimated Annual Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 21,000 hours.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission request toward Office of Management and Budget approval.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A first Request for Panel Review was filed with the United States Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on October 18, 2006, requesting panel review of the Notice of Final Results and Partial Rescission of Antidumping Duty Administrative Review described above.

The Rules provide that:

(a) a Party or interested person may challenge the final determination in whole or in part by filing a Complaint in accordance with Rule 39 within 30 days after the filing of the first Request for Panel Review (the deadline for filing a Complaint is February 21, 2007);

(b) a Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline

for filing a Notice of Appearance is March 8, 2007); and

(c) the panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.

Dated: January 23, 2007.
