II. Public Comments

To encourage the submission of public comments on the community support performance of Bank members, on or before August 26, 2014, each Bank will notify its Advisory Council, nonprofit housing developers, community groups and other interested parties in its district of the members of the Bank selected for this review cycle. 12 CFR 1290.2(b)(2)(ii). In reviewing a member for community support compliance, FHFA will consider any public comments it has received concerning the member. 12 CFR 1290.2(d). To ensure consideration by FHFA, comments concerning the community support performance of members selected for this review cycle must be submitted to FHFA, either by electronic mail to hmgcommunitysupportprogram@fhfa.gov, or by fax to 202-649-4130, on or before September 25, 2014.

Dated: August 6, 2014.

Melvin L. Watt,

Director, Federal Housing Finance Agency.

BILLING CODE 8070-01-P

GENERAL SERVICES ADMINISTRATION

[Notice: MVA-2014-01; Docket 2014-0002; Sequence 24]

Discontinuance of the Looseleaf Version of the General Services Administration Acquisition Manual (GSAM)

AGENCY: Office of Acquisition Policy, Office of Government-wide Policy, General Services Administration (GSA).

ACTION: Notice.

SUMMARY: As part of GSA's effort to increase efficiency and promote environmental sustainability, the Office of Government-wide Policy (OGP) has determined that it will no longer produce the looseleaf version of the

General Services Administration Acquisition Manual (GSAM).

DATES: *Effective:* August 11, 2014.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact Mr. Nicholas West of the Office of Government-wide Policy at 703-605-2834.

SUPPLEMENTARY INFORMATION:

A. Background

Looseleaf pages of the GSAM were originally made available at a time when it was the only means to view a change to the regulation in comparison with the existing text until the publication of the next volume of Title 48 of the Code of Regulations (48 CFR, Chapter 5) on the following October 1. Patrons who maintained the regulations in looseleaf could purchase subscriptions from the Government Printing Office (GPO) and when any change to the GSAM occurred; they would be sent the new pages. At best, it could be weeks and even months before patrons would receive the latest changes. With the coming of new technology, GSA began producing these pages and sending them to patrons electronically.

Because of today's technologies, those who follow the GSAM can view and print the latest changes on the day the changes are published in the **Federal Register**. Through the years, GSA continued to produce the looseleaf pages for these changes although the need for them has become almost nonexistent. GSA has come to the conclusion that the time that it takes to produce the pages for information already available is not an efficient use of government resources and has decided to discontinue the production of the looseleaf versions of the GSAM immediately. In addition, printing updated pages for those maintaining looseleaf binders of the regulations will no longer be necessary, which supports environmental sustainability.

B. Procedures

The GSAM and related documents can be found at gsa.gov/gsam.

Dated: August 6, 2014.

Jeffrey Koses,

Senior Procurement Executive, Office of Acquisition Policy, Office of Government-wide Policy.

BILLING CODE 6820-61-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Justification for a Single Source Cooperative Agreement Award for the World Health Organization

AGENCY: Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: A natural re-emergence of smallpox is not deemed possible, but if it were to occur as a result of a terrorist or deliberate event, it would be a potentially devastating threat to public health worldwide and would constitute a public health emergency of international concern (PHEIC) under the International Health Regulations (IHR) (2005). A case of smallpox detected by a member state requires notification to World Health Organization (WHO) as soon as possible, and any confirmed smallpox case would generate an immediate global public health response.

WHO must rely on fast and reliable laboratory diagnostic capacity worldwide to be able to identify a re-emergence of smallpox, particularly in countries where systemic orthopoxvirus infections such as monkeypox, vaccinia virus infection or cowpox, and other non-pox viral rash illnesses, such as chicken pox, may cause clinical diagnostic confusion.

Over the past 10 years, clinical virology laboratory diagnostics has been evolving and increasingly rely on
