Multilayered Wood Flooring From the People's Republic of China: Preliminary Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: In response to a request from Zhejiang Yuhua Timber Co. Ltd. (Yuhua), A-Timber Flooring Company Limited (A-Timber), and Mullican Flooring Co. (Mullican) (collectively, Yuhua *et al.*), the U.S. Department of Commerce (Commerce) is issuing these preliminary results of the changed circumstances review (CCR) of the antidumping duty (AD) order on multilayered wood flooring (MLWF) from the People's Republic of China (China). Commerce preliminarily determines that the MLWF sold through A-Timber and described below is produced and exported by Yuhua; as such, it is excluded from the AD order. We invite interested parties to comment on these preliminary results.

DATES: Applicable July 29, 2022.

FOR FURTHER INFORMATION CONTACT: Sergio Balbontin or Max Goldman, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6478 or (202) 482–3896, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2011, Commerce published the *Order*.¹ On September 1,

2021, Yuhua, a Chinese producer and exporter of MLWF, A-Timber, an unaffiliated company through which Yuhua's MLWF is sold to the United States, and Mullican, an unaffiliated U.S. importer of this MLWF, requested that Commerce initiate an expedited CCR, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216 and 351.221(c)(3).² In this CCR Request, Yuhua *et al.* requested that Commerce “clearly state and provide clarifying instruction to U.S. Customs and Border Protection (CBP) that {MLWF} produced by {Yuhua} and sold to {Mullican} by A-Timber Flooring is excluded from the {Order}.”³

According to Yuhua *et al.*, in the underlying less-than-fair-value investigation of MLWF from China, Yuhua, a mandatory respondent, reported that during the period of investigation (POI), it produced MLWF in China and engaged A-Timber as its sales agent. Yuhua *et al.* stated that A-Timber conducted all sales negotiations with unaffiliated U.S. customers and issued the invoices, and, upon confirmation of the sale, Yuhua exported the MLWF from China for delivery to the U.S. customers.⁴ Based on this sales channel that Commerce examined in the investigation, Commerce calculated a dumping margin of zero percent for subject merchandise produced and exported by Yuhua which was sold to the United States through A-Timber, and excluded subject merchandise produced and exported by Yuhua from the *Order*. In their CCR Request, Yuhua *et al.* claim that the sales channel on which Commerce based the *Final Determination* has not changed since the POI.⁵ However, starting in late 2020, CBP ceased implementing the cash deposit instructions issued by Commerce with respect to the *Final Determination*, which excluded from the *Order* MLWF produced and exported by Yuhua.⁶

⁶ *Id.* at 2 and Exhibit 2 (Investigation CBP Cash Deposit Instructions). Yuhua *et al.* also notes that

According to Yuhua *et al.*, CBP is now demanding the posting of cash deposits and requiring the entry of Yuhua's MLWF to be classified as “Type 3” entries subject to ADs.⁷

In its CCR Request, Yuhua *et al.* argue that Commerce intended to exclude from the *Order* MLWF produced and exported by Yuhua and sold through A-Timber, as Commerce determined that Yuhua was the “exporter” for such sales. Yuhua *et al.* argue that any other interpretation would mean that that Commerce was “applying the zero rate to a company (Yuhua) that had not issued one invoice or made one sale to the U.S. during the POI.”⁸ Accordingly, Yuhua *et al.* now seek clarification that any MLWF sales transaction where Yuhua is the producer and exporter, as listed in the shipping documents, and where A-Timber is the sales agent, is excluded from the *Order*.⁹

On October 14, 2021, the American Manufacturers of Multilayered Wood Flooring (the petitioner) filed a letter in support of Yuhua *et al.*'s CCR Request, stating that Commerce should confirm that MLWF sold through Yuhua's “sales agent, A-Timber . . . is excluded from the *Order*, consistent with {Commerce}'s prior determination”¹⁰ On October 15, 2021, Commerce extended the deadline to initiate this CCR and, on December 2, 2021, Commerce initiated this CCR, noting that it was not combining the initiation with the preliminary results because it was necessary to solicit additional information from Yuhua *et al.* regarding A-Timber's role in the sales channel of MLWF produced and exported by Yuhua.¹¹ On February 22, 2022, Yuhua *et al.* responded to Commerce's post-initiation questionnaire.¹² In its questionnaire response, Yuhua *et al.* reported, *inter alia*, the following information:

it requested a scope ruling regarding its reported sales channel, which Commerce rejected. *Id.* at Exhibit 1.

- Yuhua sells MLWF to the United States exclusively through A-Timber and A-Timber conducts the marketing and price negotiations. Yuhua provides A-Timber U.S. sales targets and Yuhua and A-Timber strategize sales prices to the United States.
- The MLWF sold through A-Timber to the United States must be produced by Yuhua.
- A-Timber represents Yuhua at sales exhibitions where both Yuhua's and A-Timber's names are displayed on the information booths. A-Timber also represents Yuhua's "Parrot Brand" trademark.
- Mullican frequently visits Yuhua's factory and Yuhua promotes its products directly to Mullican.
- Yuhua is the exporter of record (e.g., it is listed in the shipping documents) and ships directly to U.S. customers from its plant. A-Timber does not take title to the merchandise.
- The sales contract is between A-Timber and Mullican.
- Yuhua issues an invoice to A-Timber, and A-Timber adds a markup and issues its own sales invoice to Mullican.¹³

Scope of the Order

Multilayered wood flooring is composed of an assembly of two or more layers or plies of wood veneer(s)¹⁴ in combination with a core.¹⁵ The several layers, along with the core, are glued or otherwise bonded together to form a final assembled product. Multilayered wood flooring is often referred to by other terms, e.g., "engineered wood flooring" or "plywood flooring." Regardless of the particular terminology, all products that meet the description set forth herein are intended for inclusion within the definition of subject merchandise.

All multilayered wood flooring is included within the definition of subject merchandise, without regard to: dimension (overall thickness, thickness of face ply, thickness of back ply, thickness of core, and thickness of inner plies; width; and length); wood species used for the face, back and inner veneers; core composition; and face grade. Multilayered wood flooring included within the definition of subject merchandise may be unfinished (*i.e.*, without a finally finished surface to protect the face veneer from wear and tear) or "prefinished" (*i.e.*, a coating

applied to the face veneer, including, but not exclusively, oil or oil-modified or water-based polyurethanes, ultra-violet light cured polyurethanes, wax, epoxy-ester finishes, moisture-cured urethanes and acid-curing formaldehyde finishes). The veneers may be also soaked in an acrylic-impregnated finish. All multilayered wood flooring is included within the definition of subject merchandise regardless of whether the face (or back) of the product is smooth, wire brushed, distressed by any method or multiple methods, or hand-scraped. In addition, all multilayered wood flooring is included within the definition of subject merchandise regardless of whether or not it is manufactured with any interlocking or connecting mechanism (for example, tongue-and-groove construction or locking joints). All multilayered wood flooring is included within the definition of the subject merchandise regardless of whether the product meets a particular industry or similar standard.

The core of multilayered wood flooring may be composed of a range of materials, including but not limited to hardwood or softwood veneer, particleboard, medium-density fiberboard, high-density fiberboard (HDF), stone and/or plastic composite, or strips of lumber placed edge-to-edge.

Multilayered wood flooring products generally, but not exclusively, may be in the form of a strip, plank, or other geometrical patterns (e.g., circular, hexagonal). All multilayered wood flooring products are included within this definition regardless of the actual or nominal dimensions or form of the product. Specifically excluded from the scope are cork flooring and bamboo flooring, regardless of whether any of the sub-surface layers of either flooring are made from wood. Also excluded is laminate flooring. Laminate flooring consists of a top wear layer sheet not made of wood, a decorative paper layer, a core-layer of HDF, and a stabilizing bottom layer.

Imports of the subject merchandise are provided for under the following subheadings of the Harmonized Tariff Schedule of the United States (HTSUS):¹⁶ 4412.31.0520;

Preliminary Results of Changed Circumstances Reviews

Commerce's *Final Determination* specified that entries produced and exported by Yuhua are excluded from the *Order*.¹⁷ After reviewing the information on the record of this CCR, *e.g.*, that Yuhua *et al.*'s sales channel has not changed from that which we examined in the investigation, Commerce preliminarily determines that Yuhua is the producer and exporter of MLWF sold to the United States through A-Timber.

Should we reach the same determination in the final results, we will instruct CBP that, because Yuhua is the producer and exporter of MLWF sold through A-Timber, Yuhua's exclusion from the *Order* applies to entries of such merchandise. That is, the exclusion would not apply to MLWF produced and/or exported by a Chinese entity other than Yuhua and sold through A-Timber. We also preliminarily determine that it is appropriate to terminate any suspension of liquidation on MLWF produced and exported by Yuhua and sold through A-Timber, and retroactively apply this determination to all unliquidated entries of such merchandise. We intend to release draft CBP instructions to parties at the same time as these preliminary results and allow a period of time for comments.
