

relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Purpose and Need for the Proposed Action

The BLM's purpose is to respond to Solidus's proposal as described in the Plan of Operations (Plan) and the applicable rights-of-way (ROWs) applications and to analyze the environmental effects associated with the Proposed Action and alternatives to the Proposed Action, consider reasonable alternatives, and develop and consider mitigation of environmental impacts.

The BLM's need for the action is established by the BLM's responsibilities under the surface management regulations at 43 CFR part 3809 and under section 302(b) of FLPMA, including title V regarding ROWs (43 CFR part 2800), to respond to a request for a surface use authorization under a Plan of Operations and to take any action necessary to prevent unnecessary or undue degradation of public lands as a result of the actions taken to prospect, explore, assess, develop, and process mineral resources that are subject to disposal under the mining laws on public lands.

Proposed Action and Alternative

Under the proposed Plan of Operations, Solidus is proposing to construct, operate, close, and reclaim a new surface gold mine within the Buena Vista Valley along the eastern part of the Humboldt Range approximately 20 miles northeast of Lovelock, Nevada, and 70 miles southwest of Winnemucca, Nevada.

The proposed Spring Valley Gold Mine Plan boundary would encompass 14,623 acres. The total disturbance associated with the Proposed Action, including exploration and the new mine operation would be 6,232 acres, with 4,123 acres on land administered by the BLM and 2,109 acres on private land. The proposed surface mining activities for the Spring Valley Gold Mine would include:

- One open pit and associated haul roads;
- Three waste rock facilities;
- A heap leach facility including a lined pad, process solution ponds, carbon processing and refining facilities;
- Ancillary facilities including pit dewatering facilities with a rapid infiltration basin system, crushing circuit and an ore stockpiles, secondary roads, stormwater controls and

diversions, mine fleet shop, explosives storage, truck shop, refueling area, mine offices, parking areas, yards, storage areas, an aggregate plant, power distribution, a used materials pad, freshwater distribution, potable water system, fire water system, sewage system, communications facilities, fuel storage and distribution facilities, monitoring wells, water pipelines, laydown yards, wildlife and range fencing, growth media stockpiles, and livestock water developments.

- Exploration activities of up to 50 acres would occur anywhere within the proposed Plan boundary.

In addition to the Plan, two Plans of Development (POD) are connected to the proposed action. One POD has been submitted by NV Energy and the other POD was submitted by the Pershing County Road Department (Pershing County) that are required to support the Plan. The Pershing County POD proposes to modify the existing Spring Valley Road with removal of a portion of the road, realignment around the proposed mining operation, and improvement of portions of the existing road. The NV Energy POD proposes to realign portions of two 345 kilovolt (kV) transmission lines, and to construct a new 120-kV transmission line. These two PODs combined would disturb an additional 164 acres, with 102 acres on land administered by the BLM and 62 acres on private land.

The project would employ a workforce of approximately 130 employees during the initial two-year construction period and approximately 250 full-time employees for the operations period. The proposed Project would operate 24 hours per day, 365 days per year. The total life of the Project would be 29 years, including two years of construction, 11 years of mining, three additional years of ore processing, and 13 years of reclamation and closure activities. Reclamation of disturbed areas resulting from mining operations would be completed in accordance with BLM and Nevada Division of Environmental Protection regulations. Concurrent reclamation would take place where practicable and safe.

Under the No Action Alternative, the development of the Spring Valley Mine Plan and associated ROWs would not be authorized and Solidus would not construct a new surface mine.

Public Participation

Public meetings to discuss the Draft EIS will be announced, including when and where, and will be posted on the BLM's Spring Valley Gold Mine Project website.

The purpose of public review of the Draft EIS is to provide an opportunity for meaningful collaborative public engagement and for the public to provide substantive comments, such as identification of factual errors, data gaps, relevant methods, or scientific studies. The BLM will respond to substantive comments by making appropriate revisions to the Draft EIS or explaining why a comment did not warrant a change.

The BLM will continue to use and coordinate the Draft EIS review process to help fulfill the public involvement requirements under the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the Proposed Action will assist the BLM in identifying and evaluating impacts to such resources.

Tribal concerns, including impacts on Indian trust assets and treaty rights and potential impacts to cultural resources, will be given due consideration.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

(Authority: 40 CFR 1501.9 and 1501.10, 40 CFR 1506.10)

Cara Lee Macdonald,

Chief of Staff, exercising the delegated authority of the Assistant Secretary, Land and Minerals Management.

BILLING CODE 4331-21-P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *Certain Glow Fish Tape Systems, Safety Helmet Systems, and Components Thereof, DN 3806*; the Commission is soliciting comments on

any public interest issues raised by the complaint or complainant's filing pursuant to the Commission's Rules of Practice and Procedure.

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov.

General information concerning the Commission may also be obtained by accessing its internet server at United States International Trade Commission (USITC) at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at <https://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Klein Tools, Inc. on February 11, 2025. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain glow fish tape systems, safety helmet systems, and components thereof. The complaint names as a respondent: Milwaukee Electric Tool Corporation of Brookfield, WI. The complainant requests that the Commission issue a limited exclusion order, cease and desist orders, and impose a bond upon respondent alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondent, other interested parties, members of the public, and interested government agencies are invited to file comments on any public interest issues raised by the complaint or § 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions on the public interest must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation. Any written submissions on other issues must also be filed by no later than the close of business, eight calendar days after publication of this notice in the **Federal Register**. Complainant may file replies to any written submissions no later than three calendar days after the date on which any initial submissions were due, notwithstanding § 201.14(a) of the Commission's Rules of Practice and Procedure. No other submissions will be accepted, unless requested by the Commission. Any submissions and replies filed in response to this Notice are limited to five (5) pages in length, inclusive of attachments.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above. Submissions should refer to the docket number ("Docket No. 3806") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, Electronic Filing Procedures¹). Please note the Secretary's Office will accept only electronic filings during this time. Filings must be made through the Commission's Electronic Document

Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice. Persons with questions regarding filing should contact the Secretary at EDIS3Help@usitc.gov.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this investigation may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel,² solely for cybersecurity purposes. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.³

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of §§ 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

Issued: February 11, 2025.

Lisa Barton,

Secretary to the Commission.
