The Commission is an expert panel of not more than 13 members who are drawn from the fields of bioethics, science, medicine, technology, engineering, law, philosophy, theology, or other areas of the humanities or social sciences. The Commission advises the President on bioethical issues arising from advances in biomedicine and related areas of science and technology. The Commission seeks to identify and promote policies and practices that ensure scientific research, health care delivery, and technological innovation are conducted in a socially and ethically responsible manner.

The main agenda item for the Commission's eighteenth meeting is to discuss the BRAIN Initiative and ongoing work in neuroscience.

The draft meeting agenda and other information about the Commission, including information about access to the webcast, will be available at www.bioethics.gov.

The Commission welcomes input from anyone wishing to provide public comment on any issue before it. The Commission is particularly interested in receiving comments and questions during the meeting that are responsive to specific sessions. Written comments will be accepted at the registration desk and comment forms will be provided to members of the public in order to write down questions and comments for the Commission as they arise. To accommodate as many individuals as possible, the time for each question or comment may be limited. If the number

of individuals wishing to pose a question or make a comment is greater than can reasonably be accommodated during the scheduled meeting, the Commission may make a random selection.

Written comments will also be accepted in advance of the meeting and are especially welcome. SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes

the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* New collection (Request for a new OMB control number); *Title of Information Collection:* Improving Quality of Care in Medicaid and CHIP through Increased Access to Preventive Services State Survey; *Use:* The survey will be used to gain a better understanding of state efforts to increase the utilization of preventive services and to develop resources (including educational and outreach resources) to help states increase the utilization of these services. The results will provide a baseline regarding the coverage of preventive services and will help us identify ways to assist states with materials focusing on prevention and technical assistance. The survey has been revised subsequent to the publication of the 60-day **Federal Register** notice (79 FR 20211).

Form Number: CMS-10521 (OMB control number: 0938—New); *Frequency:* Once; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 51; *Total Annual Responses:* 51; *Total Annual Hours:* 128. (For policy questions regarding this collection contact Mary Beth Hance at 410-786-4299.)

2. *Type of Information Collection Request:* Revision to a currently approved collection; *Title of Information Collection:* Cooperative Agreement to Support Navigators in Federally-facilitated and State Partnership Exchanges; *Use:* Section 1311(i) of the Affordable Care Act requires Exchanges (Marketplaces) to establish a Navigator grant program as

part of its function to provide consumers with assistance when they need it. Navigators will assist consumers by providing education about and facilitating selection of qualified health plans (QHPs) within Marketplaces, as well as other required duties. Section 1311(i) requires that a Marketplace operating as of January 1, 2014, must establish a Navigator Program under which it awards grants to eligible individuals or entities who satisfy the requirements to be Exchange Navigators. For Federally-facilitated Marketplaces (FFMs) and State Partnership Marketplaces (SPMs), we will be awarding these grants. Navigator awardees must provide weekly, monthly, quarterly, and annual progress reports to us on the activities performed during the grant period and any sub-awardees receiving funds. We have modified the data collection requirements for the weekly, monthly, quarterly, and annual reports that were provided in the 60-day **Federal Register** notice (79 FR 20211).
