

damage to any personal, residential, or commercial property, if that person at any time has received flood disaster assistance that was conditional on the person first having obtained flood insurance under applicable federal law and the person has subsequently failed to obtain and maintain flood insurance as required under applicable federal law on such property. (Section 582 is self-implementing without regulations.) This means that a grantee may not provide disaster assistance for the above-mentioned repair, replacement, or restoration to a person who has failed to meet this requirement.

(2) Section 582 also implies a responsibility for a grantee that receives CDBG disaster recovery funds or that, under 42 U.S.C. 5321, designates annually appropriated CDBG funds for disaster recovery. That responsibility is to inform property owners receiving disaster assistance that triggers the flood insurance purchase requirement that they have a statutory responsibility to notify any transferee of the requirement to obtain and maintain flood insurance, and that the transferring owner may be liable if he or she fails to do so. These requirements are described below.

(3) Duty to notify. In the event of the transfer of any property described in paragraph d below, the transferor shall, not later than the date on which such transfer occurs, notify the transferee in writing of the requirements to:

(i) Obtain flood insurance in accordance with applicable federal law with respect to such property, if the property is not so insured as of the date on which the property is transferred; and

(ii) Maintain flood insurance in accordance with applicable federal law with respect to such property. Such written notification shall be contained in documents evidencing the transfer of ownership of the property.

(4) Failure to notify. If a transferor fails to provide notice as described above and, subsequent to the transfer of the property:

(i) The transferee fails to obtain or maintain flood insurance, in accordance with applicable federal law, with respect to the property;

(ii) The property is damaged by a flood disaster; and

(iii) Federal disaster relief assistance is provided for the repair, replacement, or restoration of the property as a result of such damage. The transferor shall be required to reimburse the federal government in an amount equal to the amount of the federal disaster relief assistance provided with respect to the property.

d. The notification requirements apply to personal, commercial, or residential property for which federal disaster relief assistance made available in a flood disaster area has been provided, prior to the date on which the property is transferred, for repair, replacement, or restoration of the property, if such assistance was conditioned upon obtaining flood insurance in accordance with applicable federal law with respect to such property.

e. The term "Federal disaster relief assistance" applies to HUD or other federal assistance for disaster relief in "flood disaster areas." The term "flood disaster area" is defined in section 582(d)(2) to include an area receiving a presidential declaration of a major disaster or emergency as a result of flood conditions.

19. *Non-Federal Cost Sharing of Army Corps of Engineers Projects*. Public Law 105-276, Title II, October 21, 1998, 112 Stat. 2478, provided in part that: "For any fiscal year, of the amounts made available as emergency funds under the heading 'Community Development Block Grants Fund' and notwithstanding any other provision of law, not more than \$250,000 may be used for the non-Federal cost-share of any project funded by the Secretary of the Army through the Corps of Engineers."
