

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Muntasir Ali, Sector Policies and Program Division, Office of Air Quality Planning and Standard, D243-05, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (919) 541-0833; email address: ali.muntasir@epa.gov.

SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through June 30, 2025. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on August 6, 2024 during a 60-day comment period (89 FR 63933). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for the regulations published at 40 CFR part 63, subpart SSSSS were proposed on June 20, 2002, promulgated on April 16, 2003, and most recently amended on November 19, 2021 (86 FR 66045). These regulations apply to each refractory products manufacturing facility which produces refractory bricks, refractory shapes, monolithics, kiln furniture, crucibles, and other materials used as linings for boilers, kilns, and other processing units and equipment where extreme temperature, corrosions, and abrasion would destroy other materials. These regulations apply to existing facilities and new facilities that manufacture refractory products and use organic hazardous air pollutant (HAP), chromium refractory, and clay refractory products. New facilities include those that commenced

construction, modification, or reconstruction after the date of proposal. Revisions to the NESHAP were finalized on November 19, 2021 as a result of the residual risk and technology review (RTR) required under the Clean Air Act (CAA). This information is being collected to assure compliance with 40 CFR part 63, subpart SSSSS.

In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP. *Form Numbers:* None.

Respondents/affected entities: Refractory products manufacturing facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart SSSSS).

Estimated number of respondents: 3 (total).

Frequency of response: Initially and semiannually.

Total estimated burden: 341 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$134,000 (per year), which includes \$87,000 annualized capital or operation & maintenance costs.

Changes in the estimates: There is an increase of 111 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This increase is due to a correction of the estimated person-hours per occurrence and number of respondents per year for performance tests and reports. These estimates were updated in this ICR renewal based on information provided by industry through consultation as described in section 8 of the supporting statement. Additionally, corrections were made to remove burden and costs associated with notifications and reports of alternative fuel use. The rule does not allow alternative fuel use after November 19, 2021. The overall result is an increase in burden hours and costs. There is an increase in the capital/startup and operation and maintenance (O&M) costs as calculated in section 13 of the supporting statement compared with the costs in the previous ICR. The increase is due to cost increases from updating the CEPCI index to the 2023 index and corrections to the estimated

costs for performance tests. The corrections are based on information provided by industry through consultation as described in section 8 of the supporting statement.

Courtney Kerwin,

Director, Information Engagement Division.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-R07-SFUND-2025-0293; FRL-12830-01-R7]

Notice of Proposed CERCLA *De Minimis* Contributor Administrative Settlement Agreement and Order on Consent

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment.

SUMMARY: In accordance with of the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (CERCLA), notice is hereby given by the U.S. Environmental Protection Agency (EPA), Region 7, of a proposed CERCLA *De Minimis* Contributor Administrative Settlement Agreement and Order on Consent, with Allied Plastics LLC, Cascade Asset Management LLC, OmniSource LLC, Schupan Recycling a/k/a Schupan & Sons Inc., and Universal Recycling Technologies LLC. This agreement pertains to the Recycletronics—Akron Farm Facility Superfund Site located at 16998 160 St., Akron, Iowa.

DATES: Comments must be received on or before July 28, 2025.

ADDRESSES: The proposed settlement agreement is available for public inspection at EPA Region 7's office. A copy of the proposed agreement may also be obtained from Catherine Chiccine, EPA Region 7, 11201 Renner Boulevard, Lenexa, Kansas 66219, telephone number: (913) 551-7917. You may send comments, identified by Docket ID No. EPA-R07-SFUND-2025-0293 to <https://www.regulations.gov>. You may also send comments, identified by Recycletronics—Akron Farm Facility *De Minimis* Settlement Public Comment, to Ms. Chiccine at the above address or electronically to chiccine.catherine@epa.gov.

Instructions: All submissions received must include the Docket ID No. for this matter. Comments received will be posted without change to <https://www.regulations.gov>.

www.regulations.gov/, including any personal information provided.

FOR FURTHER INFORMATION CONTACT:

Catherine Chiccine, Assistant Regional Counsel, Office of Regional Counsel, Environmental Protection Agency Region 7, 11201 Renner Boulevard, Lenexa, Kansas 66219; telephone number: (913) 551-7917; email address: chiccine.catherine@epa.gov.

SUPPLEMENTARY INFORMATION: The EPA conducted a Fund-lead Time-Critical Removal Action at the Recycletronics—Akron Farm Facility Superfund Site (Site) located at 16998 160 St., Akron, Iowa between March 2022 and July 2022 to remove approximately 944 tons of lead-containing cathode ray tube glass from the Site. Lead is a hazardous substance as defined by CERCLA.

To recover some of its response costs, the EPA negotiated a proposed CERCLA section 122(g)(4) *De Minimis* Contributor Administrative Settlement Agreement and Order on Consent Agreement (settlement) with multiple potentially responsible parties that arranged for disposal of hazardous waste at the Site. The EPA will enter the proposed Agreement with Allied Plastics LLC, Cascade Asset Management LLC, OmniSource LLC, Schupan Recycling a/k/a Schupan & Sons Inc., and Universal Recycling Technologies LLC (collectively, the “*de minimis* parties”). The *de minimis* parties agree to pay EPA for their portion of EPA’s costs incurred in responding to the time-critical removal action at the Site.

The settlement includes a covenant by EPA not to sue or take administrative action against the *de minimis* parties, pursuant to sections 106 and 107(a) of CERCLA.

For thirty (30) days following the date of publication of this document, EPA will receive written comments relating to the settlement. EPA will consider all comments received and may modify or withdraw its consent to the settlement agreement if comments received disclose facts or considerations that indicate that the proposed settlement is inappropriate, improper, or inadequate. EPA’s response to any comments received will be available for public inspection at EPA Region 7, 11201 Renner Boulevard, Lenexa, Kansas 66219.

James Macy,

Regional Administrator, EPA Region 7.

BILLING CODE 6560-50-P

FEDERAL FINANCIAL INSTITUTIONS EXAMINATION COUNCIL

[Docket No. AS25-07]

Guidance on Referrals for Potential Criminal Enforcement

AGENCY: Appraisal Subcommittee, Federal Financial Institutions Examination Council.

ACTION: Notice.

SUMMARY: This notice describes the plans of the Appraisal Subcommittee of the Federal Financial Institutions Examination Council (“ASC”) to address criminally liable regulatory offenses under the recent executive order on Fighting Overcriminalization in Federal Regulations.

DATES: June 23, 2025.

FOR FURTHER INFORMATION CONTACT:

Natalie Lutz, Attorney Advisor, 202-792-1217 or natalie@asc.gov.

SUPPLEMENTARY INFORMATION: On May 9, 2025, the President issued Executive Order (“E.O.”) 14294, Fighting Overcriminalization in Federal Regulations. 90 FR 20363 (published May 14, 2025). Section 7 of E.O. 14294 provides that within 45 days of the order, and in consultation with the Attorney General, each agency should publish guidance in the **Federal Register** describing its plan to address criminally liable regulatory offenses.

Consistent with that requirement, the ASC advises the public that by May 9, 2026, the ASC, in consultation with the Attorney General, will provide to the Director of the Office of Management and Budget (“OMB”) a report containing: (1) a list of all criminal regulatory offenses¹ enforceable by the ASC or the Department of Justice (“DOJ”); and (2) for each such criminal regulatory offense, the range of potential criminal penalties for a violation and the applicable mens rea standard² for the criminal regulatory offense.

This notice also announces a general policy, subject to appropriate exceptions and to the extent consistent with law, that when the ASC is deciding whether to refer alleged violations of criminal regulatory offenses to DOJ, officers and employees of the ASC should consider, among other factors:

- The harm or risk of harm, pecuniary or otherwise, caused by the alleged offense;

¹ “Criminal regulatory offense” means a Federal regulation that is enforceable by a criminal penalty. E.O. 14294, sec. 3(b).

² “Mens rea” means the state of mind that by law must be proven to convict a particular defendant of a particular crime. E.O. 14294, sec. 3(c).

- The potential gain to the putative defendant that could result from the offense;

- Whether the putative defendant held specialized knowledge, expertise, or was licensed in an industry related to the rule or regulation at issue; and

- Evidence, if any is available, of the putative defendant’s general awareness of the unlawfulness of his conduct as well as his knowledge or lack thereof of the regulation at issue.

This general policy is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

Mathew Ponzar,

Acting Executive Director.
