

the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on July 24, 2008.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER08-1125-000]

Brookfield Renewable Energy Marketing US, LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

July 10, 2008.

This is a supplemental notice in the above-referenced proceeding of Brookfield Renewable Energy Marketing US, LLC's application for market-based rate authority, with an accompanying rate schedule, noting that such application includes a request for blanket authorization, under 18 CFR

part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR Part 34, of future issuances of securities and assumptions of liability, is August 1, 2008.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Project No. 13221-000]

Pacific Gas and Electric Company; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comment, Motions To Intervene, and Competing Applications

July 10, 2008.

On May 8, 2008, Pacific Gas and Electric Company filed an application, pursuant to section 4(f) of the Federal Power Act, proposing to study the feasibility of the Mokelumne Pumped Storage Project to be located in Amador and Calaveras Counties, California on private and federal land managed by the U.S. Forest Service.

The proposed project would consist of one of the following three possible designs: (1)(i) Use of the existing Lower Bear River Reservoir, with a surface area of 746 acres, storage capacity of 49,079 acre feet, and normal water surface elevation of 5,822 feet, as the upper reservoir with the possibility of a dam raise to increase capacity; (ii) a 16,000 foot long power tunnel including intake structure, penstock, and tailrace, (2)(i) use of the existing Upper Bear River Reservoir, with a surface area of 320 acres, storage capacity of 6,756 acre feet, and a normal water surface elevation of 5,876 feet, as the upper reservoir with the possibility of a dam raise to increase capacity; (ii) a 20,000 foot long power tunnel including intake structure, penstock, and tailrace, (3)(i) A newly constructed dam in the Cole Creek area about 150 feet high and 700 feet long; (ii) a reservoir with a surface elevation of 6,139 feet and capacity of 12,856 acre feet; (iii) an 11,700 foot long power tunnel including intake structure, penstock, and tailrace; (4) the existing Salt Springs Reservoir, with a surface area of 960 acres, storage capacity of 141,817 acre feet, and a normal water surface elevation of 3,959 feet, would act as the lower reservoir for the proposed plans; (5) a powerhouse with a total installed capacity from 380-1140 MW; (6) a transmission line about 3,000 feet long and of 230 or 500 kV and; (7) appurtenant facilities. The annual electrical production would be between 523 and 742 GWh.
