*Title:* Request for a Medical Exception to the COVID–19 Vaccination Requirement.

*OMB Number:* 0503–0027.

*Expiration Date of Approval:* 3-Year from approval date.

*Type of Request:* Extension Request of an Approved Information Collection.

*Abstract:* Section 2 of E.O. 14043 mandates that each agency “implement, to the extent consistent with applicable law, a program to require COVID–19 vaccination for all of its Federal employees, with exceptions only as required by law.” This medical exemption form is necessary for USDA to determine legal exemptions to the vaccine requirement under the Rehabilitation Act. This includes the requisite confidentiality requirements, subject to the applicable Rehabilitation Act standards, and maintenance of supporting documents.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hour is the estimated average time per response hours multiplied by the estimated total annual responses.

*Estimate of Annual Burden:* Public reporting burden for this collection of information is estimated to average 10 minutes per response.

*Type of Respondents:* Federal Employees and Medical Providers.

*Estimated Number of Respondents:* 2,000.

Comments may be sent to Ruth Brown, [Ruth.Brown@usda.gov](mailto:Ruth.Brown@usda.gov). All comments received will be available for public inspection during regular business hours at the same address.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

The vaccination requirement issued pursuant to E.O. 14043, is currently the subject of a nationwide injunction. While that injunction remains in place, Department of Agriculture will not process requests for a medical exception from the COVID–19 vaccination requirement pursuant to E.O. 14043. Department of Agriculture will also not request the submission of any medical information related to a request for an exception from the vaccination requirement pursuant to E.O. 14043 while the injunction remains in place. But Department of Agriculture may nevertheless receive information regarding a medical exception. That is because, if Department of Agriculture were to receive a request for an exception from the COVID–19 vaccination requirement pursuant to E.O. 14043 during the pendency of the injunction, Department of Agriculture will accept the request, hold it in abeyance, and notify the employee who submitted the request that implementation and enforcement of the COVID–19 vaccination requirement pursuant to E.O. 14043 is currently enjoined and that an exception therefore is not necessary so long as the injunction is in place. In other words, during the pendency of the injunction, any information collection related to requests for medical exception from the COVID–19 vaccination requirement pursuant to E.O. 14043 is not

undertaken to implement or enforce the COVID-19 vaccination requirement.
