Title: Metropolitan and Statewide Transportation Planning (OMB Number: 2132-0529).

Background: The Federal Transit Administration (FTA) and Federal Highway Administration (FHWA) jointly carry out the Federal mandate to improve urban and rural transportation. 49 U.S.C. Sections 5303 and 5304 and 23 U.S.C. 134 and 135 authorize the use of Federal funds to assist Metropolitan Planning Organizations (MPOs), States, and local public bodies in developing transportation plans and programs to serve the transportation needs of urbanized areas over 50,000 in population and other areas of States outside of urbanized areas. The information collection activities involved in developing the Unified Planning Work Program (UPWP), the Metropolitan Transportation Plan, the Long Range Statewide Transportation Improvement Plan, the Transportation Improvement Program (TIP), and the Statewide Transportation Improvement Program (STIP) are necessary to identify and evaluate the transportation issues and needs in each urbanized area and throughout every State. These products of the transportation planning process are essential elements in the reasonable planning and programming of Federally funded transportation investments.

In addition to serving as management tools for MPOs and State DOTs, the UPWP and State Planning and Research (SP&R) Work Program are used by both FTA and FHWA to monitor the transportation planning activities of those agencies. It is also needed to establish national out year budgets and regional program plans, develop policy on using funds, monitor State and local

compliance with national technical emphasis areas, respond to Congressional inquiries, prepare Congressional testimony, and ensure efficiency in the use and expenditure of Federal funds by determining that planning proposals are both reasonable and cost-effective. 49 U.S.C. Section 5303 and 23 U.S.C. 134(h) require the development of TIPs for urbanized areas; STIPs are mandated by 49 U.S.C. Section 5304 and 23 U.S.C. 235(f) for an entire State. After approval by the Governor and MPO, metropolitan TIPs in attainment areas are to be incorporated directly into the STIP. For nonattainment areas, FTA/FHWA must make a conformity finding on the TIPs before including them into the STIP. The complete STIP is then jointly reviewed and approved or disapproved by FTA and FHWA. These conformity findings and approval actions constitute the determination that States are complying with the requirements of 23 U.S.C. 235 and 49 U.S.C. Section 5304 as a condition of eligibility for Federal-aid funding. Without these documents, approvals and findings, capital and/or operating assistance cannot be provided.

Respondents: State Departments of Transportation (DOTs) and MPOs.

Estimated Annual Burden on Respondents: 634.7 hours for each of the 453 respondents.

Estimated Total Annual Burden: 287,519 hours.

Frequency: Annual.

Issued: April 21, 2009.

Ann M. Linnertz,

Associate Administrator for Administration.
