

Primary Benefit Test has not been met with respect to a five-year period, unless in accordance with Section III(a)(3)(A) and (B). A complete description of any new Benefit Enhancements and the Independent Fiduciary's rationale and determinations regarding such enhancements must be included in the next Independent Fiduciary report submitted to the Department;

(q) The Reinsurance Arrangement between Ekahi and Prudential or any successor Fronting Insurer must be indemnity insurance only. The arrangement must not relieve a Fronting Insurer from any responsibility or liability to the Plan, including liability that would result if Ekahi fails to meet any of its contractual obligations to Prudential or any successor Fronting Insurer under the Reinsurance Arrangement. Further, the executed reinsurance contract between the Fronting Insurer and Ekahi will expressly state (by rider, addendum, amendment, etc.) that, in the event that Ekahi is insolvent, unable or unwilling to pay any claims, or otherwise prevented from paying any claims, the Fronting Insurer remains solely obligated to pay any claim properly incurred by the Plan and its participants and beneficiaries;

(r) The Plan document and Summary Plan Description (SPD) will be revised within 90 days after the final exemption is published in the **Federal Register** to include a summary of the Reinsurance Arrangement, an explanation of why the arrangement constitutes a transaction prohibited by ERISA (including an explanation of why Ekahi is a party in interest), and the citation for this exemption as published in the **Federal Register**. The revision must also state that the Plan is currently relying on an individual prohibited transaction exemption granted by the U.S. Department of Labor. The revision to the Plan and SPD must be conspicuously displayed and not contained in a footnote. The Plan Administrator must distribute the updated SPD to all Plan participants within six months after the publication date of the granted exemption.

(s) If the Reinsurance Arrangement is terminated, the Plan Administrator will revise and update the SPD accordingly. The Plan Administrator will then distribute the updated SPD to all Plan participants within six months after the termination of the Reinsurance Arrangement.

(t) Meta, and its affiliates, must maintain all the records necessary to demonstrate the conditions of the exemption have been met with respect to all the prohibited transactions

described in this exemption for a period of six years from the date of any prohibited transaction for which the exemption provides relief. Meta must provide these records to the Department within 30 days after the date the Department requests these records.

Applicability Date: This exemption will be in effect for the period beginning on the date of its publication in the **Federal Register**.

Signed at Washington, DC, this 3rd day of July 2025.

Christopher Motta,

Acting Director, Office of Exemption Determinations, Employee Benefits Security Administration, U.S. Department of Labor.

BILLING CODE 4510-29-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 25-022]

Notice of Intent To Grant an Exclusive, Co-Exclusive or Partially Exclusive Patent License

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of Intent to Grant exclusive, co-exclusive or partially exclusive patent license.

SUMMARY: NASA hereby gives notice of its intent to grant an exclusive, co-exclusive or partially exclusive patent license to practice the inventions described and claimed in the patents and/or patent applications listed in **SUPPLEMENTARY INFORMATION** below.

DATES: The prospective exclusive, co-exclusive or partially exclusive license may be granted unless NASA receives written objections including evidence and argument, no later than July 23, 2025 that establish that the grant of the license would not be consistent with the requirements regarding the licensing of federally owned inventions as set forth in the Bayh-Dole Act and implementing regulations. Competing applications completed and received by NASA no later than July 23, 2025 will also be treated as objections to the grant of the contemplated exclusive, co-exclusive or partially exclusive license. Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act.

Objections and Further Information: Written objections relating to the prospective license or requests for further information may be submitted to Agency Counsel for Intellectual

Property, NASA Headquarters at Email: hq-patentoffice@mail.nasa.gov. Questions may be directed to Phone: (202) 358-0646.

SUPPLEMENTARY INFORMATION: NASA intends to grant an exclusive, co-exclusive, or partially exclusive patent license in the United States to practice the inventions described and claimed in: U.S. Patent Application No. 17/999,875 entitled "Human-Powered Ventilator" to Kinnor Technologies LLC having its principal place of business in Orange Beach, Alabama. The fields of use may be limited. NASA has not yet made a final determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

This notice of intent to grant an exclusive, co-exclusive or partially exclusive patent license is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). The patent rights in these inventions have been assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. The prospective license will comply with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Information about other NASA inventions available for licensing can be found online at <http://technology.nasa.gov>.

Trenton J. Roche,

Agency Counsel for Intellectual Property, National Aeronautics and Space Administration.
