

required items. Applications that are not assembled and tabbed in the order specified delay the review process. Given the high volume of Program interest, incorrectly assembled applications will be returned as ineligible.

5. Most DLT projects contain numerous project sites. USDA Rural Development requires that site information be consistent throughout an application. Sites must be referred to by the same designation throughout all parts of an application. USDA Rural Development has provided a site worksheet that requests the necessary information, and can be used as a guide by applicants. USDA Rural Development strongly recommends that applicants complete the site worksheet, listing all requested information for each site. Applications without consistent site information will be returned as ineligible.

D. *Selection Process.* Grant applications are ranked by final score, and by application purpose (education or medical). USDA Rural Development selects applications based on those rankings, subject to the availability of funds. USDA Rural Development may allocate grant awards between medical and educational purposes, but is not required to do so. In addition, USDA Rural Development has the authority to limit the number of applications selected in any one State during a fiscal year. See 7 CFR 1703.127.

VI. Award Administration Information

A. *Award Notices.* USDA Rural Development generally notifies applicants whose projects are selected for awards by faxing an award letter. USDA Rural Development follows the award letter with a grant agreement that contains all the terms and conditions for the grant. USDA Rural Development recognizes that each funded project is unique, and therefore may attach conditions to different projects' award documents. An applicant must execute and return the grant agreement, accompanied by any additional items required by the grant agreement, within 120 days of the selection date.

B. *Administrative and National Policy Requirements:* The items listed in Section IV of this notice, and the DLT Program regulation, FY 2006 application guide and accompanying materials implement the appropriate administrative and national policy requirements.

C. *Reporting.* 1. *Performance reporting.* All recipients of DLT financial assistance must provide annual performance activity reports to USDA Rural Development until the

project is complete and the funds are expended. A final performance report is also required; the final report may serve as the last annual report. The final report must include an evaluation of the success of the project in meeting DLT Program objectives. See 7 CFR 1703.107.

2. *Financial reporting.* All recipients of DLT financial assistance must provide an annual audit, beginning with the first year a portion of the financial assistance is expended. Audits are governed by United States Department of Agriculture audit regulations. Please see 7 CFR 1703.108.
