

BE-30 reports would be required from each U.S. ocean freight carrier (owners and operators) that engaged in the international transportation of freight, cargo, and/or passengers between U.S. and foreign ports or between foreign ports, whose total covered revenues or total covered expenses were \$500,000 or more in the previous year or are expected to be \$500,000 or more during the current year.

BE-37 reports would be required from each from U.S. airline operator engaged in the international transportation of passengers or of U.S. export freight, or the transportation of freight or passengers between two foreign points, whose total covered revenues or total covered expenses were \$500,000 or more in the previous year or are expected to be \$500,000 or more during the current year.

BEA offers its electronic filing option, the eFile system, for use in reporting on Form BE-30 and BE-37 surveys. For more information about eFile, go to www.bea.gov/efile. In addition, BEA posts all its survey forms and reporting instructions on its website, www.bea.gov/ssb. These may be downloaded, completed, printed, and submitted via fax or mail.

III. Data

OMB Control Number: 0608-0011.

Form Number(s): BE-30 and BE-37.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations.

Estimated Number of BE-30

Respondents: 200 annually (50 filed each quarter; 48 reporting mandatory data, and 2 that would file exemption claims or voluntary responses).

Estimated Number of BE-37

Respondents: 120 annually (30 filed each quarter; 28 reporting mandatory data, and 2 that would file an exemption claim or voluntary response).

Estimated Time per Response: For the BE-30, 4 hours is the average for those reporting mandatory data and one hour is the average for those filing an exemption claim or voluntary responses. For the BE-37, 5 hours is the average for those reporting mandatory data and one hour is the average for those filing an exemption claim or voluntary responses. For the BE-30 and BE-37 surveys, hours may vary considerably among respondents because of differences in company size and complexity.

Estimated Total Annual Burden

Hours: 1,344 (776 for the BE-30; 568 for the BE-37).

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Mandatory.

Legal Authority: International Investment and Trade in Services Survey Act (Pub. L. 94-472, 22 U.S.C. 3101-3108, as amended).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this Information Collection Request (ICR). Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Ferrosilicon From the Russian Federation: Preliminary Affirmative Countervailing Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of ferrosilicon from the Russian Federation (Russia). The period of investigation is January 1,

2023, through December 31, 2023. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable June 28, 2024.

FOR FURTHER INFORMATION CONTACT: Mark Hoadley AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3148.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on April 24, 2024.¹ For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.² A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is ferrosilicon from Russia. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,³ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁴ No interested party commented on the scope of the investigation as it appeared in the

Initiation Notice. Commerce is not preliminarily modifying the scope language as it appeared in the *Initiation Notice*.

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found to be countervailable, Commerce preliminarily determines that there is a subsidy, *i.e.*, a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific.⁵

Commerce notes that, in making these findings, it relied on facts available and, because it finds that the interested parties did not act to the best of their ability to respond to Commerce’s requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁶ For further

information, *see* the “Use of Facts Otherwise Available and Adverse Inferences” section in the Preliminary Decision Memorandum.

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that, in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any rates that are zero, *de minimis*, or based entirely under section 776 of the Act.

Pursuant to section 705(c)(5)(A)(ii) of the Act, if the individual estimated countervailable subsidy rates established for all exporters and producers individually examined are zero, *de minimis*, or determined based

entirely on facts otherwise available, Commerce may use any reasonable method to establish the estimated subsidy rate for all other producers or exporters. Commerce has preliminarily determined the estimated subsidy rate for the individually examined respondent under section 776 of the Act. Consequently, as a reasonable method, Commerce is determining the all-others rate based on the rate determined for Russian Ferro Alloys Inc./RFA International LP, the mandatory respondent in this investigation, as determined under section 776 of the Act.⁷ For a full description of the methodology underlying Commerce’s analysis, *see* the Preliminary Decision Memorandum.

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
Russian Ferro Alloys Inc./RFA International LP	* 748.58
All Others	* 748.58

* Rate based on adverse facts available (AFA).

Suspension of Liquidation

In accordance with sections 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in the scope of the investigation section entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above.

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a preliminary determination within five days of its public announcement or, if there is no public announcement, within five days of the date of

publication of the notice of preliminary determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce preliminarily applied total AFA to the individually examined company, Russian Ferro Alloys Inc./RFA International LP, in this investigation in accordance with section 776 of the Act, there are no calculations to disclose.

Verification

Because the mandatory respondents in this investigation did not provide information requested by Commerce and Commerce preliminarily determines each of the mandatory respondents to have been uncooperative, verification will not be conducted.

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than 30 days after

the date of publication of the preliminary determination. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.⁸ Interested parties who submit case or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.⁹

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁰ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹¹

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain the party's name, address, and telephone number, the number of participants and whether any participant is a foreign national, and a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing.¹² Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Final Determination

Section 705(a)(1) of the Act and 19 CFR 351.210(b)(1) provide that Commerce will issue the final determination within 75 days after the date of its preliminary determination.

U.S. International Trade Commission Notification

In accordance with section 703(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of ferrosilicon from Russia are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 703(f) and 777(i) of the Act, and 19 CFR 351.205(c).

Dated: June 21, 2024.

Ryan Majerus,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The scope of this investigation covers all forms and sizes of ferrosilicon, regardless of grade, including ferrosilicon briquettes. Ferrosilicon is a ferroalloy containing by weight four percent or more iron, more than eight percent but not more than 96 percent silicon, three percent or less phosphorus, 30 percent or less manganese, less than three percent magnesium, and 10 percent or less any other element. The merchandise covered also includes product described as slag, if the product meets these specifications.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise processed in a third country, including by performing any grinding or any other finishing, packaging, or processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the ferrosilicon.

Ferrosilicon is currently classifiable under subheadings 7202.21.1000, 7202.21.5000, 7202.21.7500, 7202.21.9000, 7202.29.0010, and 7202.29.0050 of the Harmonized Tariff Schedule of the United States (HTSUS). While the HTSUS numbers are provided for convenience and customs purposes, the written description of the scope remains dispositive.

Certain Carbon and Alloy Steel Cut-To-Length Plate From Italy: Amended Final Results of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is amending the final results of the administrative review of the antidumping duty (AD) order on

certain carbon and alloy steel cut-to-length plate (CTL plate) from Italy to correct a ministerial error. The period of review (POR) is May 1, 2022, through April 30, 2023.

DATES: Applicable June 28, 2024.

FOR FURTHER INFORMATION CONTACT:

Sean Grossnickle, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3818.

SUPPLEMENTARY INFORMATION:

Background

On June 7, 2024, Commerce published in the *Federal Register* the *Final Results* of the 2022–2023 administrative review of the AD order on CTL plate from Italy.¹ On June 5, 2024, Commerce disclosed its calculations and provided interested parties with the opportunity to submit ministerial error comments.² On June 10, 2024, NLMK Verona S.p.A. (NVR), a mandatory respondent in this review, submitted a timely ministerial error allegation.³ No other party submitted a ministerial error allegation or rebutted NVR's ministerial error allegation. We are amending the *Final Results* to correct the ministerial error alleged by NVR.

Legal Framework

Section 751(h) of the Tariff Act of 1930, as amended (the Act), defines a “ministerial error” as including “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other unintentional error which the administering authority considers ministerial.” With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate . . . correct any ministerial error by amending . . . the final results of review.”

Ministerial Error

In the *Final Results*, Commerce made an inadvertent error within the meaning of section 751(h) of the Act and 19 CFR 351.224(f) with respect to the treatment of home market sales made during the “window period,” of three months before the POR and two months after the
