Agency Information Collection
Activities: Submission for OMB
Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a summary of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (240) 276–0361.

Project: Project: Fast Track Generic
Clearance for the Collection of
Qualitative Feedback on the Substance
Abuse and Mental Health Services
Administration (SAMHSA) Service
Delivery

Executive Order 12862 directs federal agencies to provide service to the public

that matches or exceeds the best service available in the private sector. As outlined in Memorandum M–11–26, the Office of Management and Budget (OMB) worked with agencies to create a Fast Track process to allow agencies to obtain timely feedback on service delivery while ensuring that the information collected is useful and minimally burdensome for the public, as required by the Paperwork Reduction Act of 1995.

This collection of information is necessary to enable SAMHSA to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with SAMHSA’s programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services.

These collections will allow for ongoing, collaborative and actionable

communications between SAMHSA and its customers and stakeholders. They also allow feedback to contribute directly to the improvement of program management. Per Memorandum M–11–26, information collection requests submitted under this Fast Track Generic will be considered approved unless OMB notifies SAMHSA otherwise within five days. Type of respondent; frequency (annual, quarterly, monthly, etc.); and the affected public (individuals, public or private businesses, state or local governments, etc.).

A variety of instruments and platforms will be used to collect information from respondents. The annual burden hours requested (87,500) are based on the number of collections we expect to conduct over the requested period for this clearance.

The estimated annual hour burden is as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Type of collection	Number of respondents	Response per respondent	Hours per response	Total hours
In-person surveys, online surveys, telephone surveys, in-person observation/testing, interviews	75,000	1	0.50	37,500
Focus groups	10,000	1	2	20,000
Self-administered questionnaires, customer comment cards, interactive voice surveys	10,000	1	0.50	5,000
Unspecified collection formats	25,000	1	1	25,000
Totals	120,000	87,500

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Project: Voluntary Customer
Satisfaction Surveys To Implement
Executive Order 12862 in the Substance
Abuse and Mental Health Services
Administration (SAMHSA)—(OMB No.
0930–0197)—Extension

SAMHSA provides significant services directly to the public, including treatment providers and State substance abuse and mental health agencies, through a range of mechanisms, including publications, training, meetings, technical assistance and websites. Many of these services are focused on information dissemination activities. The purpose of this submission is to extend the existing generic approval for such surveys.

The primary use for information gathered is to identify strengths and

weaknesses in current service provisions by SAMHSA and to make improvements that are practical and feasible. Several of the customer satisfaction surveys expected to be implemented under this approval will provide data for measurement of

program effectiveness under the Government Performance and Results Act. Information from these customer surveys will be used to plan and redirect resources and efforts to improve or maintain a high quality of service to health care providers and members of

the public. Focus groups may be used to develop the survey questionnaire in some instances.

The estimated annual hour burden is as follows:

Type of data collection	Number of respondents	Responses/ respondent	Hours/ response	Total hours
Focus groups	250	1	2.50	625
Self-administered, mail, telephone and e-mail surveys	89,750	1	.250	22,438
Total	90,000	23,063

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A. The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on October 20, 2022 at 87 FR 63794.

A. Overview of Information Collection

Title of Information Collection: Public Housing Operating Subsidy—Appeals.
OMB Approval Number: 2577–0246.

Type of Request: Extension without change of a currently approved collection.

Form Number: N/A.

Description of the need for the information and proposed use: Under the operating fund rule, PHAs that elect to file an appeal of their subsidy amounts are required to meet the appeal requirements set forth in subpart G of the rule. There are four grounds of appeal in 24 CFR 990.245 under which PHAs may appeal the amount of their subsidy. They are: a streamlined appeal;

an appeal for specific local conditions; an appeal for changing market conditions; and an appeal to substitute actual project cost data. To appeal the amount of subsidy on any one of these permitted bases of appeal, PHAs submit a written appeal request to HUD and appeal must cover an entire portfolio (not single projects). However, HUD has the discretion to accept appeals of less than an entire portfolio for PHAs with greater than 5,000 public housing units. Additional requirements with respect to certain appeals are covered by 24 CFR 990.250.

Respondents (i.e., affected public): State, Local or Tribal Government.

Estimated Number of Respondents: 105.

Estimated Number of Responses: 105.

Frequency of Response: 1.

Average Hours per Response: 20.

Total Estimated Burdens: 2,049.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.
