F. Elimination of a Current Payment Method Using Fedwire

This notice announces that CBP will eliminate the current payment method for Fedwire, which is a lesser-used method than another payment method available to importers through *Pay.gov*. Currently, CBP manually posts the deferred tax payments received through Fedwire, requiring additional CBP resources for data entry and processing. Even though the payment process is electronic for importers, the use of Fedwire places a significant burden on CBP. By eliminating the manual processing of Fedwire payments, CBP will conserve resources that can be used for other aspects of payment processing. Moreover, CBP is providing importers with a new payment method for ACH debit and ACH credit via ABI in ACE, in addition to the already existing payment method for ACH debit in *Pay.gov*. Accordingly, importers will continue to have multiple convenient options to choose from when making deferred tax payments.

To enable those importers who currently use Fedwire to switch their payment method to *Pay.gov* or the new option available for ACH debit or ACH credit via ABI, CBP is announcing a transition period. Fedwire will continue to be available as a payment method through June 30, 2021. This transition period will allow for importers who have been using Fedwire as their preferred payment method to adjust their business processes for the use of another payment method. CBP will work with importers to provide any needed support during the transition period. As of July 1, 2021, CBP will no longer accept payments of deferred taxes through Fedwire.

Dated: April 23, 2021.

The BIA uses the information to determine the extent of service needs in local Indian communities, assess ICWA program effectiveness, and
