Procedures for Classifying Labor Surplus Areas

ETA issues the LSA list on a fiscal year basis. The list becomes effective each October 1 and remains in effect through the following September 30. The reference period used in preparing the current list was January 2011 through December 2012. The national average unemployment rate (including Puerto Rico) during this period was rounded to 8.56 percent. Twenty percent higher than the national unemployment rate is 10.27 percent. Since the ceiling unemployment rate is 10.0 percent, the qualifying rate for LSA classification is 10.0 percent. Therefore, areas included on the FY 2014 LSA list had a rounded unemployment rate for the referenced period of 10.0 percent (actual rate, greater than or equal to 9.95) or above during the reference period. To ensure all areas classified as labor surplus meet the requirements, when a city is part of a county and meets the unemployment qualifier as a LSA, the city is identified in the LSA list. The balance of county, not the entire county, will be identified if the balance of county also meets the LSA unemployment criteria. The FY 2014 LSA list, statistical data on the current and some previous year's LSAs, and the list of LSAs in Puerto Rico can be accessed at ETA's LSA Web site <http://www.doleta.gov/programs/lisa.cfm>. In addition, the 2014 LSA list is available on the LMI Win-Win Network Community of Practice at https://winwin.workforce3one.org/view/Labor_Surplus_Area_List_Issued/info.

Petition for Exceptional Circumstance Consideration

ETA can also designate LSAs under exceptional circumstance criteria. ETA can waive the regular classification criteria when an area experiences a significant increase in unemployment which is not temporary or seasonal and which was not reflected in the data for the 2-year reference period. In these situations, ETA can designate civil jurisdictions, Metropolitan Statistical Areas or Combined Statistical Areas, as defined by the Office of Management and Budget as LSAs. In order for an area to be classified as a LSA under the exceptional circumstance criteria, the state workforce agency must submit a petition requesting such classification to ETA. The current criteria for an exceptional circumstance classification are: an area's unemployment rate is at least 10.0 percent for each of the three most recent months; has a projected

unemployment rate of at least 10.0 percent for each of the next 12 months; and has documentation that the exceptional circumstance event has already occurred. The state workforce agency may file petitions on behalf of civil jurisdictions, as well as a Micropolitan Statistical Areas, Metropolitan Statistical Areas or Combined Statistical Areas. The addresses of state workforce agencies are available on the ETA Web site at: <http://www.doleta.gov/programs/lisa.cfm> and https://winwin.workforce3one.org/view/Labor_Surplus_Area_List_Issued/info. State workforce agencies may submit petitions in electronic format to wright.samuel.e@dol.gov, or in hard copy to the U.S. Department of Labor, Employment and Training Administration, Office of Workforce Investment, 200 Constitution Avenue NW., Room S-4231, Washington, DC 20210 Attention Samuel Wright. Data collection for the petition is approved under OMB 1205-0207, expiration date March 31, 2014.

Signed at Washington, DC, this 25th day of September, 2013.

Eric Seleznow,

Acting Assistant Secretary for Employment and Training Administration.
