# OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Practices of the Government of Canada and of the Province of Ontario Regarding Measures Affecting Tourism and Sport Fishing

**ACTION:** Notice of results of section 302 investigation and invitation for public comments.

**SUMMARY:** The United States Trade Representative (USTR) has conducted an investigation initiated under section 302(a) of the Trade Act of 1974, as amended (the Trade Act) (19 U.S.C. 2412(a)), with respect to certain acts, policies and practices of the Government of Canada and of the Province of Ontario that may discriminate against U.S. providers of tourism services. The USTR initiated this investigation on April 29, 1999, in response to a petition filed by the **Border Waters Coalition Against** Discrimination in Services Trade. Subsequently, the Government of Canada and the Province of Ontario have taken steps that provide a satisfactory resolution of the dispute concerning the acts, policies, and practices that are the subject of this investigation. Therefore, pursuant to section 304(a)(1)(B) of the Trade Act, the USTR has determined that the appropriate action in this case is to terminate the investigation and to monitor the Canadian and Ontario Governments' implementation of these measures to eliminate those acts, policies, and practices. The USTR invites public comment with respect to this action.

SUPPLEMENTARY INFORMATION: On March 15, 1999, the Border Waters Coalition Against Discrimination in Services Trade filed a petition pursuant to section 302(a) of the Trade Act alleging that certain acts, policies and practices of the Government of Canada and the Province of Ontario are actionable under section 301. In particular, the petition alleged that Ontario impaired the ability of Minnesota tourist establishments (fishing resorts, fishing guides, outfitters, and others) to compete against their Canadian counterparts by prohibiting U.S. recreational fishermen from keeping their catch if they lodged on the Minnesota side of certain lakes

that straddle the U.S.-Canadian border. U.S. fishermen who lodged instead in Ontario tourist establishments were permitted to keep their catch. The petition alleged that, as a result, U.S. resorts, fishing guides, and other businesses tied to sport fishing suffered discrimination. The petition further alleged that Canadian immigration officials required U.S. fishing guides to obtain Canadian work authorizations to guide fishing trips into Canada. The petition also alleged that these acts, policies or practices had caused a sharp fall-off in the tourism industry, which directly or indirectly generates over \$700 million in revenues per year in the Minnesota counties bordering Ontario. On April 29, 1999, the USTR determined that an investigation should be initiated under section 302(a) of the Trade Act. See 64 FR 28545.

During the course of this investigation, the U.S. Government held a series of consultations with the Government of Canada and the Province of Ontario on the matters under investigation. On October 29, 1999, the Province of Ontario announced that it had revoked the provincial measures that were under investigation in this matter. On November 4, 1999, the Government of Canada agreed that the immigration measure under investigation would be reviewed by the **NAFTA Temporary Entry Working** Group. The USTR has determined that these measures and agreements provide a satisfactory resolution of the matters that are the subject of this investigation and that it is therefore appropriate to terminate this investigation. The USTR will continue to monitor implementation by the Government of Canada and the Province of Ontario of

Prior to terminating this 301 action, the USTR consulted with the domestic industry that filed the petition and with the State of Minnesota. An opportunity for public comment prior to this action was not possible in view of the need to provide prompt relief to the domestic industry.

these measures and agreements.
