

SUPPLEMENTARY INFORMATION: San Joaquin County Department of Public Works has requested a temporary change to the operation of the Bacon Island Road Drawbridge, mile 8.6, over Middle River, between Bacon Island and Lower Jones Tract, CA. The drawbridge navigation span provides approximately 8 feet vertical clearance above Mean High Water in the closed-to-navigation position. In accordance with 33 CFR 117.171(a), the draw opens on signal from May 15 through September 15 from 9 a.m. to 5 p.m. From September 16 through May 14, the draw opens on signal from 9 a.m. to 5 p.m. from Thursday through Monday. At all other times, the draw shall open on signal if at least 12 hours notice is given to the San Joaquin County Department of Public Works at Stockton. Navigation on the waterway is commercial and recreational.

The drawspan will be secured in the closed-to-navigation position from 9 a.m. on September 8, 2014 to 5 p.m. on October 23, 2014, due to structural maintenance work in replacing the approach deck slabs. The work will require loss of power to the bridge electrical systems. This temporary deviation has been coordinated with the waterway users. No objections to the proposed temporary deviation were raised.

Vessels able to pass through the bridge in the closed position may do so at any time. The bridge will not be able to open for emergencies. Old River can be used as an alternate route for vessels unable to pass through the bridge in the closed position. The Coast Guard will inform waterway users of this temporary deviation via our Local and Broadcast Notices to Mariners, to minimize resulting navigational impacts.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: September 4, 2014.

D.H. Sulouff,

District Bridge Chief, Eleventh Coast Guard District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2014-0829]

Drawbridge Operation Regulation; Willamette River, Portland, OR

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from drawbridge regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Burlington Northern Santa Fe Railway Bridge, also known as the St. Johns RR Bridge, across the Willamette River, mile 6.9, at Portland, OR. The deviation is necessary to facilitate installation of new rail joints. This deviation allows the bridge to remain in the closed position during maintenance activities.

DATES: This deviation is effective from 7 a.m. on September 23, 2014 to 5 p.m. on October 2, 2014, and will be enforced from 7 a.m. to 5 p.m. on September 23, 2014; from 7 a.m. to 5 p.m. on September 25, 2014; from 7 a.m. to 5 p.m. on September 30, 2014; and from 7 a.m. to 5 p.m. on October 2, 2014.

ADDRESSES: The docket for this deviation, [USCG-2014-0829] is available at <http://www.regulations.gov>. Type the docket number in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this deviation. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Coast Guard Thirteenth District; telephone 206-220-7282, email steven.m.fischer3@uscg.mil. If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: Burlington Northern Santa Fe (BNSF) Railway requested this deviation to facilitate the installation of new rail joints on the bridge. The bridge, also known as the St. Johns RR Bridge, crosses the Willamette River at mile 6.9 and provides 54 feet of vertical clearance above Columbia

River Datum 0.0 while in the closed position. Under normal operations, this bridge opens on signal as required by 33 CFR 117.5. The deviation period is from 7 a.m. to 5 p.m. on September 23, 2014; from 7 a.m. to 5 p.m. on September 25, 2014; from 7 a.m. to 5 p.m. on September 30, 2014; and from 7 a.m. to 5 p.m. on October 2, 2014. This deviation allows the lift span of the BNSF Railway Bridge across the Willamette River, mile 6.9, to remain in the closed position and need not open for maritime traffic during the periods listed above. The bridge shall operate in accordance to 33 CFR § 117.5 at all other times. BNSF will entertain requests from mariners to change the above listed schedule for emergent vessel arrivals or departures that are dependent on water level, given 72 hours advanced notice. The BNSF contact is Ron Berry, who can be reached at (913) 551-4164. Waterway usage on this stretch of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft.

Vessels able to pass through the bridge in the closed positions may do so at any time. Barring coordination with BNSF, the bridge will not be able to open for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: September 9, 2014.

Steven M. Fischer,

Bridge Administrator, Thirteenth Coast Guard District.
