

application is completed electronically using eGrants, the Corporation's Web-based grants management system.

Current Action

The Corporation seeks to recomplete and revise the current applications. When revised, the application will revise/clarify eGrants instructions to reflect the new, Web-based user interface for eGrants; shorten background information on the Office of Leadership Development and Training and clarify guidance on the cost effectiveness of services provided.

The application will otherwise be used in the same manner as the existing application. The Corporation also seeks to continue using the current application until the revised application is approved by OMB. The current application is due to expire on May 31, 2008.

Type of Review: Renewal.

Agency: Corporation for National and Community Service.

Title: Application Instructions Training and Technical Assistance Cooperative Agreements.

OMB Number: 3045-0105.

Agency Number: None.

Affected Public: Current/prospective training and technical assistance providers.

Total Respondents: 56.

Frequency: Every three years.

Average Time per Response: Averages 11.75 hours. Estimated at 16.5 hours for first-time respondents; 7 hours for current providers.

Estimated Total Burden Hours: 658 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: April 16, 2008.

Gretchen Van der Veer,

Director, Office of Leadership Development & Training.

POLICY JUSTIFICATION

United Kingdom – Globemaster III Sustainment Partnership

The Government of the United Kingdom has requested continued participation in the USAF/Boeing Globemaster III Sustainment Partnership which consists of support for the United Kingdom's fleet of six Boeing C-17A Globemaster III cargo aircraft, contractor technical and logistics personnel services, support equipment, spare and repair parts, and other related elements of logistics support. The estimated cost is \$225 million.

The United Kingdom is a major political and economic power in NATO and a key democratic partner of the U.S. in ensuring peace and stability in this region and around the world.

This program will ensure the United Kingdom can effectively maintain its current force projection capability that enhances interoperability with U.S. forces. The United Kingdom is a staunch supporter of the U.S. in Iraq and Afghanistan, and the Global War On Terror (GWOT). The United Kingdom's troops are deployed in support of IRAQI FREEDOM and ENDURING FREEDOM, where U.S. assets currently provide this proposed capability.

The proposed sale of this equipment and support will not affect the basic military balance in the region. The United Kingdom will have no difficulty absorbing this capability into its armed forces.

The principal contractor will be: Boeing Company, of Long Beach, California. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government personnel or contractor representatives to the United Kingdom.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
