

tuners infringe claims 1–3, and 7–8 of the '585 patent and that Cresta failed to demonstrate infringement by Silicon Labs of claims 10, 12, and 13 of the '585 patent. The Commission also finds that Cresta failed to demonstrate that Silicon Labs infringes any of the asserted claims of the '792 patent.

The Commission finds that, for the specific models of televisions for which Cresta demonstrated direct infringement that Cresta adequately demonstrated contributory infringement by MaxLinear or Silicon Labs.

The Commission finds that Cresta satisfies the technical prong of the domestic industry requirement for the '792 patent, but not for the '585 patent. The Commission further finds that Cresta failed to satisfy the economic prong of the domestic industry requirement for the '585 patent and the '792 patent.

The reasons for the Commissions determinations will be set forth more fully in the Commission's forthcoming opinion. Commissioner Schmidlein will write separately with her views as to the basis for the Commission's determination that Cresta failed to meet the economic prong of the domestic industry requirement.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
