

Request Regarding Reasonable Objections to the Proposed Settlements

The Judges also seek to determine whether any interested claimant has a reasonable objection that would preclude the requested distributions of the 2004–2009 cable and satellite royalty funds to the Phase I Parties. Such objections should address whether the reserve amounts proposed by the Phase I Parties are adequate by year. If not, then what would be an adequate reserve amount to settle all outstanding claims for each of the years covered by the proposed settlement? The Judges must be advised of the existence and extent of all such objections by the end of the comment period. The Judges will not consider any objections with respect to the requested distributions that come to their attention after the close of that period.

Finally, the Judges have authorized prior partial distributions of 50% of each of the 2004–2009 cable and satellite royalties pursuant to their authority under section 801(b)(3)(C). See, *Distribution Orders*, Docket No. 2007–3 CRB CD 2004–2005 (April 10, 2008, and April 16, 2008); *Distribution Order*, Docket No. 2008–4 CRB CD 2006 (December 2, 2008); *Distribution Order*, Docket No. 2009–6 CRB CD 2007 (October 22, 2009); *Distribution Order*, Docket No. 2010–6 CRB CD 2008 (January 11, 2011); *Distribution Order*, Docket No. 2011–7 CRB CD 2009 (October 13, 2011); *Distribution Order*, Docket No. 2010–2 CRB SD 2004–2007 (March 23, 2010); *Distribution Order*, Docket No. 2010–7 CRB SD 2008 (January 11, 2011); and *Distribution Order*, Docket No. 2011–8 CRB SD 2009 (October 13, 2011). As a condition of receiving a partial distribution under that provision of the Copyright Act, the parties must “sign an agreement obligating them to return any excess amounts to the extent necessary to comply with the final determination on the distribution of the fees made under [section 801(b)(3)(B)].” 17 U.S.C. 801(b)(3)(C)(ii). The Judges seek comment on what conditions, if any, should be imposed on the Phase I Parties to ensure that they are obligated to repay any amounts with interest that they received in the proposed settlement if such amount is later determined to be in excess of what a particular Phase I Party is due. For example, should each Phase I Party be required to represent that it will repay any overpayment or is such obligation already covered by the representations that each Phase I Party signed as a condition to receiving its respective

shares of the earlier partial distributions for 2004 through 2009?

Each Phase I Parties’ Notice of Phase I Settlement and Motion for Further Distribution is posted on the Copyright Royalty Board (“CRB”) Web site at <http://www.loc.gov/crb>. Comments received in response to this Notice also may be posted on the Web site.

Dated: December 20, 2011.

William J. Roberts, Jr.,

U.S. Copyright Royalty Judge.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before January 26, 2012. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records

Management Services (ACNR) using one of the following means:

Mail: NARA (ACNR), 8601 Adelphi Road, College Park, MD 20740–6001.

Email: request.schedule@nara.gov.

FAX: (301) 837–3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, National Records Management Program (ACNR), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740–6001. Telephone: (301) 837–1799. Email: request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA’s approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless specified otherwise. An item in a schedule is media neutral when the disposition instructions may be applied to records regardless of the medium in which the records are created and maintained. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is limited to a specific medium. (See 36 CFR 1225.12(e).)

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government’s activities, and

whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.
