III. Current Actions

The subject regulations require the mine operator to establish an electrical maintenance program by specifying minimum requirements for the examination, testing, and maintenance of electric equipment. The regulations also contain recordkeeping requirements which may in some instances help operators in implementing an effective maintenance program. The subject records of tests and examinations are examined by coal miners, coal mine officials, and MSHA inspectors. MSHA inspectors examine the records to determine if the required tests and examinations have been conducted and to identify units of electric equipment that may be creating

excessive safety problems, and to evaluate the effectiveness of the coal mine operator's electrical maintenance programs. By comparing the records with the actual condition of electric equipment, MSHA inspectors may in some cases be able to identify weaknesses in the coal mine operator's electrical maintenance programs and require that the weaknesses be corrected.

Type of Review: Extension.

Agency: Mine Safety and Health Administration.

Title: Examinations and Tests of Electrical Equipment.

OMB Number: 1219-0067.

Recordkeeping: 1 year.

Affected Public: Business or other for-profit.

BILLING CODE 4510-13-M

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification

The following parties have filed petitions to modify the application of existing safety standards under section 101(c) of the Federal Mine Safety and Health Act of 1977.

1. Pine Ridge Coal Company

[Docket No. M-2001-122-C]

Pine Ridge Coal Company, 1970 Barrett Court, P.O. Box 1990, Henderson, Kentucky 42420 has filed a petition to modify the application of 30 CFR 75.503 (permissible electric face equipment; maintenance) to its Big Mountain No. 16 Mine (I.D. No. 46-07908) located in Boone County, West Virginia. The petitioner proposes to use trailing cables not to exceed 900 feet to supply its shuttle cars, roof bolters, and mobile roof supports. The petitioner states that the trailing cables for the shuttle cars would not be smaller than No. 6 AWG, for mobile roof supports not smaller than No. 4 AWG, and for roof bolters not smaller than No. 2 AWG. The petitioner has outlined in this petition specific procedures that would be used when its alternative method is implemented. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

2. Warrior Coal, LLC

[Docket No. M-2001-123-C]

Warrior Coal, LLC, P.O. Box Drawer 1210, Madisonville, Kentucky 42431 has filed a petition to modify the

application of 30 CFR 75.1103-4(a) (automatic fire sensors and warning device systems; installation; minimum requirements) to its Cardinal Mine (I.D. No. 15-17216) located in Hopkins County, Kentucky. The petitioner proposes to install a carbon monoxide detection system that identifies the location of sensors in lieu of identifying belt flights. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

3. Warrior Coal, LLC

[Docket No. M-2001-124-C]

Warrior Coal, LLC, P.O. Box Drawer 1210, Madisonville, Kentucky 42431 has filed a petition to modify the application of 30 CFR 75.350 (air courses and belt haulage entries) to its Cardinal Mine (I.D. No. 15-17216) located in Hopkins County, Kentucky. The petitioner proposes to use air coursed through conveyor belt entries to ventilate working places. The petitioner proposes to install and maintain a carbon monoxide monitoring system as an early warning fire detection system in all belt entries used to course intake air to a working place. The petitioner asserts that the proposed alternative

method would provide at least the same measure of protection as the existing standard.

4. Oxbow Mining, L.L.C.

[Docket No. M-2001-125-C]

Oxbow Mining, L.L.C., P.O. Box 535, 3737 Highway 133, Somerset, Colorado 81434 has filed a petition to modify the application of 30 CFR 75.701 (grounding metallic frames, casings, and other enclosures of electric equipment) to its Elk Creek Mine (I.D. No. 05-04674) located in Gunnison County, Colorado. The petitioner proposes to use a 480-volt, wye connected, 260 KW portable diesel generator for utility power and to move and operate electrically powered mobile equipment and stationary equipment throughout the mine. The petitioner states that the 480-volt output uses a 300 KVA autom-transformer to develop 995-volts, and the generator would also be used to perform other minor activities in the mine. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

5. Oxbow Mining, L.L.C.

[Docket No. M-2001-126-C]

Oxbow Mining, L.L.C., P.O. Box 535, 3737 Highway 133, Somerset, Colorado 81434 has filed a petition to modify the application of 30 CFR 75.901 (protection of low- and medium-voltage three-phase circuits used underground) to its Elk Creek Mine (I.D. No. 05-04674) located in Gunnison County, Colorado. The petitioner proposes to use a 260KW, 480-volt portable diesel generator to move and operate electrically powered mobile equipment and stationary equipment throughout the mine. The petitioner states that the 480-volt output uses a 300 KVA auto-transformer to develop 995-volts, and the generator would also be used to perform other minor activities in the mine. The petitioner asserts that the proposed alternative method would provide at least the same measure of protection as the existing standard.

Requests for Comments

Persons interested in these petitions are encouraged to submit comments via e-mail to "comments@msha.gov," or on a computer disk along with an original hard copy to the Office of standards, Regulations, and Variances, Mine Safety and Health Administration, 4015 Wilson Boulevard, Room 627, Arlington, Virginia 22203. All comments must be postmarked or received in that office on or before March 15, 2002. Copies of these

petitions are available for inspection at that address.

Dated at Arlington, Virginia this 7th day of January 2002.

Marvin W. Nichols, Jr.,

Director, Office of Standards, Regulations, and Variances.

BILLING CODE 4510-43-M

DEPARTMENT OF LABOR

Occupational Safety and Health Administration

National Advisory Committee on Occupational Safety and Health; Notice of Meeting

Notice is hereby given of the date and location of the next meeting of the National Advisory Committee on Occupational Safety and Health (NACOSH), established under section 7(a) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656) to advise the Secretary of Labor and the Secretary of Health and Human Services on matters relating to the administration of the Act. NACOSH will hold a meeting on March 12-13, 2002, in Room N3437 (B-D), U.S. Department of Labor, located at 200 Constitution Avenue, NW., Washington, DC. The meeting is open to the public and will begin at 1 p.m. on March 12, and last until approximately 5 p.m. The meeting will reconvene on March 13 at 9 a.m. and end at approximately 4 p.m.

The meeting will begin with an overview of activities of the Occupational Safety and Health Administration (OSHA) and the National Institute of Occupational Safety and Health (NIOSH). Other agenda items include: a presentation on OSHA's enforcement, compliance assistance, and regulatory issues as well as a presentation by NIOSH on the National Personal Protective Technology Laboratory including its activities related to the World Trade Center disaster.

Written data, views or comments for consideration by the committee may be submitted, preferably with 20 copies, to Vivian Allen at the address provided below. Any such submissions received prior to the meeting will be provided to the members of the committee and will be included in the record of the meeting. Because of the need to cover a wide variety of subjects in a short period of time, there is usually insufficient time on the agenda for members of the public to address the committee orally. However, any such requests will be considered by the Chair

who will determine whether or not time permits. Any request to make an oral presentation should state the amount of time desired, the capacity in which the person would appear, and a brief outline of the content of the presentation. Individuals with disabilities who need special accommodations should contact Veneta Chatmon (phone: 202-693-1912; FAX 202-693-1634) one week before the meeting.

An official record of the meeting will be available for public inspection in the OSHA Technical Data Center (TDC) located in Room N2625 of the Department of Labor Building (202-693-2350). For additional information contact: Vivian Allen, Occupational Safety and Health Administration (OSHA); Room N-3641, 200 Constitution Avenue NW., Washington, DC, 20210 (phone: 202-693-1935; FAX: 202-693-1641; e-mail Vivian.Allen@osha.gov); or check the National Advisory Committee on Occupational Safety and Health information pages located at www.osha.gov.

Signed at Washington, DC, this 6th day of February, 2002.

John L. Henshaw,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-M

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NOTICE (02-019)]

NASA Advisory Council (NAC), Space Science Advisory Committee (SSAC); Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Pub. L. 92-463, as amended, the National Aeronautics and Space Administration announces a forthcoming meeting of the NASA Advisory Council, Space Science Advisory Committee.

DATES: Tuesday, March 5, 2002, 8:30 a.m. to 5:30 p.m., Wednesday, March 6, 2002, 8:30 a.m. to 5:30 p.m., Thursday, March 7, 2002, 8:30 a.m. to 12:30 p.m.

ADDRESSES: NASA Headquarters, Conference Room 9H40, 300 E Street, SW., Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. Marian Norris, Code SB, National Aeronautics and Space Administration, Washington, DC 20546, 202/358-4452.
