**ENVIRONMENTAL PROTECTION AGENCY****40 CFR Part 52****[EPA–R09–OAR–2012–0713; FRL–9794–5]****Disapproval of Implementation Plan Revisions; State of California; South Coast VMT Emissions Offset Demonstrations****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

**SUMMARY:** EPA is taking final action to withdraw its previous approvals of state implementation plan revisions submitted by the State of California to meet the vehicle-miles-traveled emissions offset requirement under the Clean Air Act for the Los Angeles-South Coast Air Basin 1-hour and 8-hour ozone nonattainment areas. EPA is also taking final action to disapprove the same plan revisions. EPA is finalizing the withdrawal and disapproval actions in response to a remand by the Ninth Circuit Court of Appeals in *Association of Irrigated Residents v. EPA*. The effect of this action is to trigger deadlines by which new plan revisions meeting the applicable requirements must be submitted by the State of California and approved by EPA to avoid sanctions and to avoid an obligation on EPA to promulgate a federal implementation plan.

**DATES:** *Effective Date:* This rule is effective on April 29, 2013.

**ADDRESSES:** EPA has established docket EPA–R09–OAR–2012–0713 for this

**I. Summary of Today’s Action**

EPA is taking final action to withdraw our previous approvals of revisions to the state implementation plan (SIP) submitted by the State of California to demonstrate compliance with the vehicle miles traveled (VMT) emissions offset requirement under Clean Air Act (CAA) section 182(d)(1)(A) with respect to the 1-hour and 8-hour ozone standard in the South Coast nonattainment area. EPA is taking this action in response to a decision by the Ninth Circuit in *Association of Irrigated Residents v. EPA*. Under section 110(k) of the CAA, we are also taking final action to disapprove these same plan elements because they reflect an approach to showing compliance with section 182(d)(1)(A) that was rejected by the Ninth Circuit.

Subject to our regulations at 40 CFR 52.31, our disapproval of the SIP revisions will trigger the new source review (NSR) offset sanction in CAA section 179(b)(2) and the highway funding sanction under CAA section 179(b)(1) in the South Coast ozone nonattainment area 18 months, and 24 months, respectively, after the effective date of this action unless we take final action approving SIP revisions meeting the relevant requirements of the CAA
