The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by SET has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

Procedural Matters: Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the FERC's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with the DOE on or before the dates listed above.

Comments on the SET application to export electric energy to Canada should be clearly marked with Docket EA-191-B. Additional copies are to be filed directly with Michael A. Goldstein, Esq., Senior Vice President & General Counsel, Semptra Energy Trading Corp., 58 Commerce Road, Stamford, CT 06902.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by the DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the program's Home Page at <http://www.electricity.doe.gov>. Upon reaching the Home page, select "Divisions," then "Permitting Siting & Analysis," then "Electricity Imports/Exports," and then "Pending Proceedings" from the options menus.
