

If so, are there any improvements to the annual confirmation as currently described that would reduce the burden for filers or filing agents?

7. Would the potential access changes facilitate the responsible management of EDGAR filer credentials? Are there additional changes to the access process that we should make to encourage such responsible management? For example, should administrators be required to update their account permissions within a reasonable period of time following the separation of employment of a user from the filer or a change in the user's filing responsibilities? Would the potential access changes create any undue burdens for filers or filing agents? If so, how could the potential access changes be modified to ease such burdens? Are there any other concerns that the Commission should be aware of with the transition to the potential access changes?

8. Are there any issues specific to certain types of filers that should be considered with regard to the potential access changes? For example, asset-backed securities (ABS) issuers often create one or more serial companies each year, each of which is a separate legal entity with its own CIK, even though it generally has the same contact information as the ABS issuer. If the potential technical changes are implemented, should new serial companies have their user and filer administrator information automatically copied from the ABS issuer's user and filer administrator information? If so, in order to ensure that the ABS issuer has user and filer administrator information that could be copied to the new serial company, would there be any issues associated with requiring ABS issuers to have transitioned to *Login.gov* before the ABS issuer can create new serial companies? Separately, should we allow the annual confirmations of users and filer administrators for an ABS issuer to also apply to the serial companies associated with that ABS issuer, if the same users and filer administrators were associated with each serial company?

9. How long would it take existing filers to adjust to the potential access changes? Should we transition existing active accounts to the potential access changes on a gradual basis over a several month period, possibly beginning in spring 2022? If so, how? For example, should the transition period be tiered based on the volume of filings made by a filer or a filing agent on an annual basis? Should another method be used? What is an appropriate length of time for the transition period?

10. What other changes to the EDGAR filer access and account management

processes should the Commission consider in the future?

IV. General Request for Public Comment

We request and encourage any interested person to submit comments on any aspect of the potential technical changes to the EDGAR filer access and filer account management processes, and suggestions for additional changes. In particular, we request comment on obtaining and using third-party service provider account credentials to access EDGAR, the filer administrator managing the permissions of users associated with the filer's EDGAR account, and the filer management tool. Comments are of particular assistance if accompanied by analysis of the issues addressed in those comments and any data that may support the analysis. We urge commenters to be as specific as possible.

By the Commission.

² 17 CFR 240.19b-4.

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend NYSE National Rule 7.2 (Holidays) to make Juneteenth National Independence Day a holiday of the Exchange. Juneteenth National Independence Day was designated a legal public holiday in June 2021. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend NYSE National Rule 7.2 (Holidays) to make Juneteenth National Independence Day a holiday of the Exchange.

On June 17, 2021, Juneteenth National Independence Day was designated a legal public holiday.³ Consistent with broad industry sentiment⁴ and the approach recommended by the Securities Industry and Financial Markets Association ("SIFMA"),⁵ the Exchange proposes to add "Juneteenth National Independence Day" to the existing list of holidays in the first paragraph of NYSE National Rule 7.2. As a result, the Exchange will not be open for business on Juneteenth

National Independence Day, which falls on June 19 of each year. In accordance with the second paragraph of NYSE National Rule 7.2, when the holiday falls on a Saturday, the Exchange will not be open for business on the preceding Friday, and when it falls on a Sunday, the Exchange will not be open for business on the succeeding Monday.⁶

The first paragraph of the revised rule would read as follows (proposed additions *italicized*):

The Exchange will not be open for business on New Year's Day, Martin Luther King Jr. Day, Presidents' Day, Good Friday, Memorial Day, *Juneteenth National Independence Day*, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, to protect investors and the public interest and because it is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposed change would remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, protect investors and the public interest because the proposed amended rule would clearly state that the Exchange will not be open for business on Juneteenth National Independence Day, which is a federal holiday, and would address what day would be taken off if June 19 fell on a Saturday or Sunday. The change would thereby promote clarity and transparency in the Exchange rules by updating the list of holidays of the Exchange.

The proposed change does not raise any new or novel issues.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁹ the Exchange believes that the proposed rule change will not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change is not designed to address any competitive issue but rather to amend the Exchange rule regarding holidays.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6)(iii) thereunder.¹¹

A proposed rule change filed under Rule 19b-4(f)(6)¹² normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative prior to 30 days after the date of the filing. The Exchange states that waiver of the operative delay would be consistent with the protection of investors and the public interest because the proposed rule change, as described above, would state that the Exchange will not be open for business on Juneteenth National Independence Day, which is a federal holiday, and would address what day would be taken

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

off if June 19 fell on a Saturday or Sunday. The Exchange further states that the proposed change does not raise any new or novel issues. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁴

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:

Rule 22c-2

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 22c-2 (17 CFR 270.22c-2) under the Investment Company Act of 1940 (15 U.S.C. 80a) (the "Investment Company Act" or "Act") requires the board of directors (including a majority of independent directors) of most registered open-end investment

companies ("funds") to either approve a redemption fee of up to two percent or determine that imposition of a redemption fee is not necessary or appropriate for the fund. Rule 22c-2 also requires a fund to enter into written agreements with their financial intermediaries (such as broker-dealers and retirement plan administrators) under which the fund, upon request, can obtain certain shareholder identity and trading information from the intermediaries. The written agreement must also allow the fund to direct the intermediary to prohibit further purchases or exchanges by specific shareholders that the fund has identified as being engaged in transactions that violate the fund's market timing policies. These requirements enable funds to obtain the information that they need to monitor the frequency of short-term trading in omnibus accounts and enforce their market timing policies.

The rule includes three "collections of information" within the meaning of the Paperwork Reduction Act of 1995 ("PRA").¹ First, the rule requires boards to either approve a redemption fee of up to two percent or determine that imposition of a redemption fee is not necessary or appropriate for the fund. Second, funds must enter into information sharing agreements with all of their "financial intermediaries"² and maintain a copy of the written information sharing agreement with each intermediary in an easily accessible place for six years. Third, pursuant to the information sharing agreements, funds must have systems that enable them to request frequent trading information upon demand from their intermediaries, and to enforce any restrictions on trading required by funds under the rule.

The collections of information created by rule 22c-2 are necessary for funds to effectively assess redemption fees, enforce their policies in frequent trading, and monitor short-term trading.

¹ 44 U.S.C. 3501-3520.

² The rule defines a Financial Intermediary as: (i) Any broker, dealer, bank, or other person that holds securities issued by the fund in nominee name; (ii) a unit investment trust or fund that invests in the fund in reliance on section 12(d)(1)(E) of the Act; and (iii) in the case of a participant directed employee benefit plan that owns the securities issued by the fund, a retirement plan's administrator under section 316(A) of the Employee Retirement Security Act of 1974 (29 U.S.C. 1002(16)(A)) or any person that maintains the plans' participant records. Financial Intermediary does not include any person that the fund treats as an individual investor with respect to the fund's policies established for the purpose of eliminating or reducing any dilution of the value of the outstanding securities issued by the fund. Rule 22c-2(c)(1).

¹⁴ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
