Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Amended Final Results of Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is amending the final results of the administrative review of the antidumping duty order on circular welded non-alloy steel pipe (CWP) from the Republic of Korea (Korea) to correct a ministerial error.¹ The period of review is November 1, 2012, through October 31, 2013.

DATES: Effective date: July 17, 2015.

¹ See *Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2012-2013*, 80 FR 32937 (June 10, 2015) (*Final Results*) and accompanying Issues and Decision Memorandum.

FOR FURTHER INFORMATION CONTACT: Joseph Shuler or Jennifer Meek, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington DC 20230; telephone (202) 482-1293 or (202) 482-2778, respectively.

Background

On June 5, 2015, the Department disclosed to interested parties its calculations for the Final Results.² On June 10, 2015, we received a timely ministerial error allegation from domestic interested parties (Allied Tube & Conduit and TMK IPSCO) regarding the Department's margin calculation for Hyundai HYSCO (HYSCO).³

Scope of the Order

The merchandise subject to the order is circular welded non-alloy steel pipe and tube. The product is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, and 7306.30.50.90. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive.⁴

Ministerial Error

Section 751(h) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.224(f) define a "ministerial error" as an error "in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any similar type of unintentional error which the Secretary considers ministerial." We analyzed the ministerial error allegation and determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made a ministerial error in our calculation of HYSCO's margin for the *Final Results* by inadvertently excluding from the comparison market program certain of HYSCO's home market sales observations.

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results* with respect

² See "Final Results Calculation Memorandum for Hyundai HYSCO," dated June 3, 2015.

⁴ For a complete description of the scope of the order, see the Issues and Decision Memorandum accompanying the *Final Results*.

to HYSCO.⁵ The revised weighted-average dumping margin for HYSCO is detailed below.

Amended Final Results

As a result of correcting this ministerial error, we determine that the following weighted-average dumping margin exists for the period November 1, 2012, through October 31, 2013:

Producer/exporter	Weighted-average dumping margin (percent)
Hyundai HYSCO	0.81

Assessment Rates

Pursuant to section 751(a)(2)(A) and (C) of the Act, and 19 CFR 351.212(b)(1), the Department has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these amended final results of review.

For assessment purposes, HYSCO reported the name of the importer of record and the entered value for all of their sales to the United States during the period of review (POR). Accordingly, we calculated importer-specific *ad valorem* antidumping duty assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is zero or *de minimis* (i.e., less than 0.5 percent), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties in accordance with 19 CFR 351.106(c)(2).

For entries of subject merchandise during the POR produced by HYSCO for which it did not know were destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company or companies involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

⁵ See Memorandum from Joseph Shuler, International Trade Analyst, to James Maeder, Senior Director, Office I, "Ministerial Error Allegation in the 2012-2013 Administrative Review of the Antidumping Duty Order on Circular Welded Non-Alloy Steel Pipe from Republic of Korea."
