**COMMODITY FUTURES TRADING COMMISSION****Agency Information Collection Activities: Notice of Intent To Renew Collection 3038-0043, Rules Relating To Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions**

**AGENCY:** Commodity Futures Trading Commission.

**ACTION:** Notice.

**SUMMARY:** The Commodity Futures Trading Commission (CFTC) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.*, Federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on rules relating to review of National Futures Association decisions in disciplinary, membership denial, registration, and member responsibility actions.

**DATES:** Comments must be submitted on or before April 10, 2006.

**ADDRESSES:** Comments may be mailed to Gail B. Scott, Office of General Counsel, U.S. Commodity Futures Trading Commission, 1155 21st Street, NW., Washington, DC 20581.

**SUPPLEMENTARY INFORMATION:** Under the PRA, Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each

proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below.

With respect to the following collection of information, the CFTC invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

#### **Rules Relating To Review of National Futures Association Decisions in Disciplinary, Membership Denial, Registration, and Member Responsibility Actions, OMB Control Number 3038-0043—Extension**

These rules establish procedures and standards for Commission review of registered futures association procedures for membership and disciplinary actions.

The Commission estimates the burden of this collection of information as follows:

#### **ESTIMATED ANNUAL REPORTING BURDEN**

|                       | Annual number of respondents | Frequency of response | Total annual responses | Hours per response | Total hours |
|-----------------------|------------------------------|-----------------------|------------------------|--------------------|-------------|
| 17 CFR Part 171 ..... | 25                           | On occasion .....     | 51.3                   | .5                 | 25.6        |

There are no capital costs or operating and maintenance costs associated with this collection.

Dated: February 3, 2006.

## **DEPARTMENT OF DEFENSE**

### **Department of the Army**

#### **Notice of Intent To Prepare an Environmental Impact Statement (EIS) in Support of New Facilities for the U.S. Army Medical Research Institute of Infectious Diseases (USAMRIID), Fort Detrick, MD**

**AGENCY:** U.S. Army Medical Research and Materiel Command, Department of the Army, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Army announces its intent to prepare an Environmental Impact Statement (EIS) to evaluate the construction and operation of new USAMRIID facilities and the decommissioning and demolition or reuse of existing USAMRIID facilities at Fort Detrick. This EIS is being prepared and considered in accordance with requirements of the National Environmental Policy Act (NEPA) of 1969, regulations of the President's Council on Environmental Quality (40 CFR parts 1500-1508), and the Army's implementation of NEPA (32 CFR part 651), 29 March 2002.

The proposed new USAMRIID facilities will provide biocontainment laboratory space, animal facilities, and administrative offices, as well as operational and administrative support facilities. These new facilities will be located adjacent to the existing USAMRIID facilities within the National Interagency Biodefense Campus on Area A of Fort Detrick and near the biomedical research facilities of mission partners, including the Agricultural Research Service Foreign Disease—Weed Research Unit of the U.S. Department of Agriculture, the planned National Institute of Allergy and Infectious Diseases' Integrated Research Facility, and the Department of Homeland Security's National Biodefense Analysis and Countermeasures Center. The existing USAMRIID facilities on Area A will be decommissioned and either demolished or reused following occupancy of the new USAMRIID facilities.

The construction will occur in two stages. Stage 1 will provide approximately 700,000 gross square feet (gsf) of new building space for the replacement of outdated and compressed existing USAMRIID facilities in order to sustain the current mission and to expand medical testing and evaluation (T&E) capacity in support of immediate Department of Defense (DoD) and national demand. Stage 2 will encompass approximately 400,000 gsf of new building space for the balance of USAMRIID's expanded mission and for additional capacity to meet intensified national requirements for medical test and evaluation in support of biodefense research as well

as to accommodate increased collaborative efforts among USAMRIID's mission partners. In addition, approximately 200,000 gsf of the existing USAMRIID facilities may be renovated and reused for laboratory or non-laboratory use, to be determined by evolving biodefense requirements.

**DATES:** A public scoping meeting to describe the EIS to the public will be held on Wednesday, February 22, 2006, 7 p.m. at Governor Thomas Johnson High School, 1501 N. Market St., Frederick, MD 21701. Comments on the scope of the EIS for the proposed project should be received no later than March 10, 2006. Additional information on submitting comments is included in the public participation section.

**FOR FURTHER INFORMATION CONTACT:** Caree Vander Linden, USAMRIID Public Affairs, 1425 Porter Street, Fort Detrick, MD 21702-5011; telephone: (301) 619-2285, fax: (301) 619-4625.

**SUPPLEMENTARY INFORMATION:** USAMRIID, an organization of the U.S. Army Medical Research and Materiel Command, was established in 1969 to conduct basic research, applied research, and advanced technology development against biological threats, resulting in medical solutions to protect military personnel. USAMRIID's medical countermeasures against diseases such as anthrax, smallpox, botulinum intoxication, and Ebola have included development of vaccines and drugs, diagnostic capabilities, and medical management procedures.

USAMRIID has established itself as the lead biodefense laboratory of the DoD, with unique high-level
