

**Schedule for Environmental Review**

Issuance of EA—January 24, 2025  
90-day Federal Authorization Decision  
Deadline<sup>2</sup>—April 24, 2025

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

**Project Description**

Rover proposes to construct and operate aboveground facilities and new pipeline delivery and receipt point interconnections within and adjacent to Rover's Mainline easement, at approximate milepost 154.54, in Hancock County, Ohio. The project receipt interconnection would receive up to 6,269 dekatherms of natural gas per day and the delivery interconnection and would deliver up to 7,893 dekatherms of natural gas per day.

The Project would consist of the following facilities and activities:

- construction of one delivery meter station with one hot tap, one tap valve, and dual Coriolis Meter Skid;
- construction of one receipt meter station with one hot tap, one tap valve, dual Coriolis Meter Skid, and a gas quality/measurement building;
- 90 feet of interconnect piping;
- installation of associated appurtenant facilities; and
- construction of 0.6 mile of new permanent access road leading from West County Road 18 to the meter station.

**Background**

On September 16, 2024, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Rover-Sunny Farms Receipt and Delivery Meter Station Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. The U.S. Fish and Wildlife Service provided comments on wetlands, wildlife, and endangered species. All substantive comments received will be addressed in the EA.

<sup>2</sup> The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

**Additional Information**

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings.
